Morrison Would OK Death Penalty Limit

... Warden Privately Opposed To Capital Punishment

Editor's Note: This is the 3rd and last in a series of articles on proposed legislation to limit capital punishment.

By Don Walton

Governor-elect Frank Morrison will sign Sen. Edwin McHugh's proposed bill to limit capital punishment if it is passed by the 1961 Legislature.

"If the majority of the senators feel it should be adopted, I certainly do not believe I would be justified in vetoing it in the absence of some deep-seated conviction based upon fact," Morrison said.

The Governor-elect noted that statistics indicate that capital punishment is not a deterrent to crime.

Morrison further suggested

Sigler Rev. Lemon

Dr. Reinhardt Beck

that as a matter of policy, a governor "should very sparingly use the veto power."

Two Exceptions

McHugh's bill as drawn would abolish capital punishment with two exceptions designed to protect law enforcement officers and discourage escape from custody.

Sigler noted that one sometimes "reads where men who have served long sentences were later found innocent" of the crime for which they were imprisoned.

"After a man is dead, you can't do anything about it," the warden declared.

Meanwhile, the Rev. Carroll Lemon of Lincoln, executive secretary of the Nebraska Council of Churches, hinted that the council would prefer removal of the death penalty without exception.

"I'm quite sure that we do not feel it would be necessary to have exceptions," he said.

Nebraska Methodists, and members of the Christian and United Presbyterian Churches have endorsed abolishment of capital punishment, the Rev. Mr. Lemon pointed out.

Favors Abolishment

The council itself announced last January that it favored abolishment.

The church group will "take up later" the specific contents of the McHugh bill before determining whether it will press for amendment.

Mr. Lemon pointed out.

Mr. and Mrs. Lemon were returning home after visiting relatives in Lincoln.

Solons Speed Up Action

State senators picked up the pace at the special session of the Legislature Tuesday, called to enact a boost in their own salaries. A floor move closed off possible debate of enactment of lower salaries than those authorized by voters. For details, see Page 3.

Valuation Hike Likely For 4

The County Board of Equalization indicated it will follow assessor recommendations and hike personal property valuations of 4 Lincoln business firms. See story on Page 22.

W. E. Exon Dies; Injured December 5

Walter E. Exon, 71, of Lake Andes, S.D., died early Tuesday in a local hospital of injuries he suffered Dec. 5 in a head-on car crash.

He became the 3rd victim of the two-car accident 9 miles west of Lincoln on U.S. 34 which claimed the lives of his wife, Alma, 63, and Holger D. Jorgensen, 31, of Ogallala.

Mr. Exon's death raised the Nebraska 1960 traffic fatality toll to 283 as compared with 326 a year ago.

He was an uncle of Lincoln businessman James J. Exon, campaign manager for Governor-elect Frank Morrison.

Chief Dep. Co. Atty. Paul Douglas said the accident happened when Mr. Jorgensen's car went off the right shoulder of the highway and then veered across into the path of the Exon car.

Mr. and Mrs. Exon were returning home after visiting relatives in Lincoln.

Russ Vetoes West Action

Backing Dag

United Nations, N.Y. (Wednesday) (UPI) — Russia used its 92nd veto early today to kill a Western resolution asking Secretary General Dag Hammarskjold to continue his efforts to restore law and order in the Congo.

Soviet Delegate Valerian A. Zorin cast the veto as one of 3 votes against the resolution sponsored by the United States, Argentina, Italy and the United Kingdom.

There were 7 votes in favor and one abstention.

The Weather

NEBRASKA EXCEPT PANHANDLE: Partly cloudy Wednesday and Wednesday night; cold and windy; temperatures 45 to 50°; high Wednesday 45 to 50°.

NEBRASKA PANHANDLE: Fair and a little warmer Wednesday and becoming mostly cloudy and colder. Wednesday night: high Wednesday 45 to 50°.

KANSAS: Mostly cloudy Wednesday and Wednesday night; rain or snow west and south Wednesday and over most of the state Wednesday night; rain and snow Wednesday night; extreme southeast Wednesday night; high Wednesday generally near 40°.

Midwesterner Will Be Ag Secretary

**KENNEDY
RESISTING
PRESSURE**

... To Pick Southerner

By Vincent J. Burke
Washington (UPI) — President-elect John F. Kennedy strongly indicated Tuesday that he will honor his campaign pledge to name a Midwesterner as secretary of agriculture despite pressure to give the post to a Southerner.

The proposal to award the cabinet job to a Southerner—presumably Rep. W. R. Poage of Texas—was advanced by Chairman Harold D. Cooley, D-N.C., of the House Agriculture Committee who met with Kennedy Tuesday afternoon.

Statement Recalled

Cooley told newsmen Kennedy responded by recalling "his campaign statement—that he would pick a Midwesterner." Despite this apparently strong hint, Cooley said he was not discouraged and did not expect Kennedy "will restrict himself to the Midwest."

A few hours later, the president-elect conferred at his home with Fred V. Heinkel, 62-year-old president of the Missouri Farmers Association who has been regarded as a top possibility for the job.

Heinkel, whose name was not on Kennedy's appointment list, was spotted by newsmen as he left the senator's home. Asked if he had been offered a cabinet post, he replied:

"We talked about farm policy. That's all I want to say."

Cooley did not identify his candidate for the politically-sensitive agriculture post. But he has told friends privately that he believes Poage, second-ranking Democrat on his Agriculture Committee, to be the best man for the assignment.

Already Committed

Ralph Bradley, president of the Illinois Farmers Union who also visited Kennedy, said the president-elect was deeply committed to appoint a Midwesterner. Otherwise, he said, farmers in the area "will feel a little disappointed."

Others mentioned for the job in addition to Heinkel and Bradley are Rep. George S. McGovern, 38-year-old South Dakota congressman who lost a Senate bid; James Hilton, president of Iowa State University; Gov. Orville Freeman of Minnesota and Gov. Herschel C. Loveless of Iowa.

Cooley, who said he merely was trying to get the best man and not to "harp on" anyone, told newsmen he felt sorry for the new secretary "because he starts off with a millstone around his neck—\$9 billion in surplus commodities in government hands."

He also said one reason the farm problem has not been solved was "too much rivalry" among farm organizations. He said he believes Kennedy is convinced he must find a secretary strong enough to bring these groups together.

Burney 'Feels' His Budget May Need Trimming

Gov. Dwight Burney hasn't yet added up all his tentative budget recommendations—but he has a feeling he will have to "do some more trimming."

Gov. Burney, who just finished a series of hearings with all the state agencies seeking funds, said Tuesday he was sticking to his original intention, to limit the general fund increases to no more than 10% of the amount appropriated for the last biennium.

The total increases requested by the agencies amounted to 26%.

"I tried to be realistic," he said about the tentative recommendations he penciled on the requests during the hearings.

When totals are given to him by the state tax commissioner's office, he will go through the requests again in an effort to bring the increase down to within his limit. He will present his budget recommendation to the 1961 session of the Legislature.

Tea Party Spreads

Johannesburg (UPI) — The South African "tea party"—a campaign against racial discrimination in restaurants—spread from Cape Town to Johannesburg.

King Baudouin and his bride-to-be

Stage Is Set For Royal Wedding In Brussels

By Eddy Gilmore

Brussels (UPI) — The cream of European royalty, brilliant in millions of dollars worth of jewels, made merry Tuesday night at a royal ball celebrating King Baudouin's imminent marriage.

The Belgian king, looking happy indeed, danced across the ballroom with his fiancee, Dona Fabiola de Mora y Aragon. They will wed Thursday.

The ball was in the brilliantly illuminated Brussels palace. Two dance bands played from a balcony of the huge room, filled with 600 exquisitely dressed women and their male escorts.

Precious stones glittered from dozens of tiaras, hundreds of beautiful necklaces and other heirloom jewelry.

The affair attracted 4 queens, 19 princesses and dozens of other titled men and women.

Detectives in evening dress mingled with the guests. One said he could not remember seeing so many costly gems in years of service as a royal security officer.

Dona Fabiola wore a diamond and emerald tiara given her by her native Spain.

Lincoln Area Jobs Decline In November

"Employment opportunities in the Lincoln metropolitan area declined during the month of November," the State Labor Department division of employment security said Tuesday.

In its monthly report, the division said the major changes appeared in agriculture and construction because of winter cutbacks of outdoor work.

Agricultural employment dropped 600 in November, the report said, "as harvests were completed." Construction employed 150 less men, and wage and salary jobs declined 100.

Offsetting a rise of 200 in unemployment was a Christmas rise of 100 workers in retail trade, mostly housewives, not part of the normal labor force.

Labor demand declined in Seward and Saline Counties, too, with noticeable decreases in agriculture and manufacturing. But construction employment remained high because of paving roads to missile bases.

Russell Hanson Will Do Work For Inaugural

Washington, D.C.—Edward H. Foley, appointed by President-elect John F. Kennedy as chairman of the 1961 Inaugural Committee, announced the selection of Democratic Chairman Russell V. Hanson, Newcastle, to serve as coordinator for inaugural activities for Nebraska.

Hanson's appointment will clarify and expedite all matters pertaining to the inauguration such as bands, floats, tickets, housing and general information.

Inaugural activities will begin Jan. 18 with a reception honoring Vice President-elect and Mrs. Lyndon B. Johnson.

Jan. 19 will bring a \$100 per ticket affair featuring Frank Sinatra and many movie and TV personalities.

The official inaugural ceremony will be noon Jan. 20, and the parade will begin at 2 p.m. Activities will end with the inaugural ball that evening.

Hanson has designated Robert Conrad of Lincoln to act on his behalf on this committee.

Gale D. Collins Suffers Attack, Dies At Work

Gale D. Collins, 42, of 7209 Orchard, died Tuesday after he suffered a heart attack at work.

Owner and operator of a Jacobs Service station at 48th and Adams, Mr. Collins was dead on arrival at a local physician's office.

Born at Lewellen, he was a member of First Methodist Church and North Star Lodge 227, AF&AM.

A World War II veteran, he served in the U.S. Army, spending 18 months at Ft. Knox, Ky., with the 3rd Armored Division.

Survivors, all of Lincoln, include his wife, Eunice; daughter, Susan; mother, Mrs. Clara Matulka; father, Gordon D.; sister, Mrs. Warren Staats, and two brothers, Gordon D. Jr. and Lane.

Visitors Give Morrison Vote Of Approval

A vote of approval for the "Bread-Basket Conference" was presented Governor-elect Frank Morrison by visiting governmental officials following Monday's study of farm conditions.

Suggestions were made that steps be taken to make Midwest governor conferences a permanent arrangement to secure combined action on matters of interest to the various states.

Unified action by farm states of the Midwest was termed "one of the strongest moves toward securing a voice for agriculture" by the out-of-state visitors.

Each state represented, covering an area from Wisconsin and Ohio to Wyoming, had similar reports of declining farm income. They termed the low net income of agriculture a threat to the farmer and the vast number of associated industries that depend upon agriculture.

No Insurance

Tripoli, Libya (UPI)—Algerian Rebel spokesman Atimed Buda said that French failure to maintain order in Algeria during President Charles de Gaulle's visit shows that France could not ensure fair elections in the territory.

Merry Christmas

St. Paul, Minn. (UPI)—Gerald T. Wilson's Christmas tree will cost him \$89. He was fined that amount for sawing off the top of a Colorado blue spruce on someone else's property. Police followed a trail of fallen branches and needles to Wilson's home.

Bank Director Charged With Power Abuse

State Sen. Marvin Lautenschlager of Grand Island accused State Banking Director Edwin Van Horne of abusing his powers by calling in two small loan licensees for a hearing Tuesday.

Police said more boys were implicated in the thefts which involved automotive parts and accessories.

Boys Admit Thefts In Havelock Area

Three Lincoln youths admitted to police taking part in a number of thefts in the Havelock area.

Police said more boys were implicated in the thefts which involved automotive parts and accessories.

Compulsory Inspection Of Autos Urged

... By Traffic Experts

Washington (UPI)—A crackdown on fixing traffic tickets, full-time judges and compulsory car inspection were among the recommendations made by technical experts to the President's Committee on Traffic Safety.

Recipients of the show cause orders, J. H. Nitzel Sr. and B. F. Douthit, testified their other business interests—real estate and insurance—had consumed much of their time but they planned to expand their small loan activities now that real estate activity had declined.

Volume Down

Banking department records showed that Douthit's volume had dropped to 6 loans in 1959 and 6 this year while Nitzel had made no loans during the past two years.

Van Horne took the cases of the two licensees under advisement following hearing.

He later told newsmen that the issuance of the show cause orders was routine and noted that only one new small loan license was issued at Grand Island during his two-year term.

Another Grand Island license was issued during his predecessor's term, according to records.

During his testimony, Douthit said he had been approached over the years by several persons to sell his license.

He said the last time was last week shortly after he received his show cause order.

Chain Stops Rascal Coon On Rampage

Attention all cars: be on the lookout for a run-a-way. Description: gray, with black and white facial markings and a bushy ringed tail—last seen wearing a coarse hand-some fur coat.

The raccoon was finally spotted in a creek near 48th and Normal by a service station attendant. The coon's chain was frozen in the ice, halting the rascal's rampage.

Police officers who returned the pet to owner Kent D. Alberts of 5420 Oldham, reported Alberts was happy, but that a dog, another pet, was "tickle pink."

Luxurious

Whatever their original reason for purchasing a 1961 Cadillac, all owners swiftly reach this same conclusion:

They have acquired the most luxurious personal transportation on all the world's highways. No other word so perfectly describes the wonderful sense of well-being

derived from the richly appointed interior, the greater seat-height and headroom, the finger-touch driving ease and the completely cushioned ride. Your Cadillac dealer invites you to take the wheel sometime very soon and enjoy the most luxurious experience in motoring.

Linumumba Aide Claims He's Premier

Leopoldville, The Congo (UPI)—A leftist lieutenant of deposed Premier Patrice Lumumba proclaimed himself ruler of the Congo Tuesday, raising fears of civil war in this troubled land.

From Lumumba's old stronghold of Stanleyville in the northeast Congo, Antoine Gizinga cabled United Nations Secretary-General Dag Hammarskjold he had assumed the premiership.

The deputy premier in Lumumba's old regime also announced that the capital of the Congo henceforth would be Stanleyville instead of Leopoldville.

Gizinga's proclamation is expected to have little effect in areas beyond his control, but his allies in the Soviet and African blocs are expected to rally to his cause in the United Nations and may extend diplomatic recognition.

It was Lumumba's rebellious regime in Oriental Province that threatened to round up and behead white hostages unless Lumumba was released from Army prison in Thysville east of Leopoldville.

The Rev. Dr. Eugene Carson Blake of Philadelphia said the Episcopal, Presbyterian, Methodist, United Church of Christ and other denominations ought to unite. That joined the religious world.

The Rev. Mr. Lemon, executive secretary of the Lincoln Council, said Dr. Blake was a de a de the proposal in a "statesmanlike way." It was "a very important and valuable suggestion."

The Rev. Mr. Lemon, a Disciples of Christ minister, said his denomination's attitude toward union "would depend on freedom in a united church and opportunity to keep the things we think are good."

Government Splits

Differences in church government, rather than theology, would hamper Protestant union, the Rev. Mr. Lemon said.

"Mechanics are harder than principle," he observed.

"There are so many places

Solons Speed \$200 Salary Bill Onward

... DEBATE FOR LESSER PAY CHOKED OFF

By Virgil Falloon

Nebraska's Legislature sped the bill to raise senatorial pay to the \$200-a-month maximum authorized by constitutional amendment on its way Tuesday toward a final vote Monday.

A parliamentary maneuver, which won 31-7 approval in the second day of the special session, choked off any debate or possible amendment for a lesser amount.

Sen. Terry Carpenter of Scottsbluff, one of 16 legislators who will not return in January, made the motion to suspend the rules, dispense with reading of the bill on

general file, and advance it to enrollment and review for engrossment.

Protesting the motion was Sen. Arnold Ruhnke of Plymouth, who later told newsmen he was prepared to amend the bill to \$175 a month.

"There's nothing sacred about a pay raise that cannot be discussed," Sen. Ruhnke said. "I can't see any voter mandate for \$200 a month. It's a move to preclude any amendment of discussion."

Backed By Nelson

He was backed by Sen.

Pianist Ravnan Dazzles Symphony Audience

By Ruth Ardis

Audun Ravnan, pianist, gave a dazzling performance of Rachmaninoff's Concerto in C Minor with the Lincoln Symphony Orchestra Tuesday night. The ovation which followed the performance was one of the greatest heard here in many seasons and finally necessitated the soloist's return for an encore — and a second — and finally a 3rd before the audience would let him go.

Once again the people of Lincoln had reason to be proud of a fine professional musician who has played with many major symphony orchestras and now is teaching at the University of Nebraska. His performance certainly ranked well with any that have been heard here.

Ravnan stormed across the keyboard with a sureness and rhythmic precision which left his listeners breathless. All the beautiful melodies which Rachmaninoff wove through the concerto were played lyrically by the soloist, but not over sentimentalized.

The moving intensity with which Mr. Ravnan performed the second movement was matched by the brilliance and fervor of the final movement.

Sure Grasp

The concerto is a demanding one, and it was evident that the soloist had a sure grasp of the character of the work. Unfortunately, the conductor and the orchestra failed to match the spirit and precision of the soloist, especially in the first section.

Ravnan played a varied group of encores — Chopin's "Nocturne in E Minor"; "Heroic Ballad" by Sæverud; and "Mozart Matriculates" by Alec Templeton. The audience chuckled over the cleverness and interpretation of the final encore.

Conductor Leo Kopp had chosen the melodious "Les Preludes" by Liszt as the opening number to commemorate the sesquicentennial of the birth of the composer. The colorful "Rhapsodie Espagnole" by Ravel embraced a great many Spanish

Orphan Books Still Looking For A Home

Thirty days left and no place to go. The Lincoln City Library Board is still searching for a "home" for some 240,000 library books.

The main library building at 14th and N must be vacated by mid-January in order to make way for progress in the form of a new library building to be constructed on the same site.

Negotiations for space in present empty office buildings in the area is still continuing, but no agreement has been reached. The space would be leased for approximately 1½ years until the completion of the new building being donated by former Mayor and Mrs. Bennett S. Martin.

Eye Other Spots

At its Tuesday board meeting, the group discussed other possible storage places for the cumbersome books, including public buildings.

Also voted upon were holiday closing times for the main and branch libraries. All will be closed the Mondays following Christmas and New Year's Day.

Tentative hours for the Saturday preceding the two holidays were set as 9 a.m.-1 p.m. for the main building; 10 a.m. to 1 p.m. for the South and University Place branch libraries, and 2 p.m. to 4 p.m. for other branch libraries.

City Librarian Charles Dalrymple was authorized to make the final decision on the Saturday pre-holiday hours.

The Dissenters

Dissenting were Sens. Peter Claussen of Leigh, Dale Erlewine of Grant, J. O. Peck of Columbus, Ray Simmons of Fremont, Harold Stryker of Rising City, Ruhnke and Nelson.

Similarly advanced, but by a 38-0 vote, was a companion bill authorizing \$6,000 to pay the expenses of the special session called by Gov. Dwight Burney.

The Legislature was called into session by the governor that day to pay raises for legislators, authorized by the voters on Nov. 8, might be put into effect for the 1961 Legislature which convenes Jan. 3.

The only other activity Tuesday was the mapping out of a timetable to get the session wrapped up by Monday morning with as little inconvenience as possible.

Night-Owl Sessions

Night-owl sessions were agreed upon to get in two legislative days at one get-together.

The senators agreed to meet Wednesday night at 11 p.m. and reconvene 65 minutes later at 12:05 a.m. Thursday to get in two legislative days.

Similarly, they will meet Friday night at 11:30 p.m. and then at 12:05 a.m. Saturday to gain two more legislative days.

This procedure will technically fulfill the requirements for the 5 legislative days after introduction of the measure before a final vote.

Monday Vote

The vote on Sen. Carpenter's motion to suspend the rule in advancing LB 1:

Voting For: Sens. John Adams, Kenneth Bowen, Hal Bridenbaugh, J. W. Burbach, Carpenter, John R. Cooper, H. D. Dickey, A. Fenster, George C. Geddes, Earl Hohenbeck, J. O. Jerner, Sam Klaver, Marvin Lautenschlager, Otto H. Liebers, Richard D. Marvel, Edwin T. McHugh, William Mouton, John P. Nease, W. H. Nease, J. W. Nease, A. Otto, Harry Pizer, Stanley Porsche, Jack Romans, Michael P. Russell, William R. Skarda, George Syas, David Tew, Don Thompson, John J. Yosoba, Lew Webb, and Duain Williams.

Voting Against: Sens. Peter Claussen, Dale Erlewine, Frank Nelson, J. O. Peck, Harold Stryker, Ray C. Simmons, Harold B. Stryker.

Not Voting (Absent): Sens. John Aufenkamp, John Donner, George F. Fulton, Oliver Olinger, and Arthur W. Swanson.

Mail Mountain Commences

Extra help and extra effort began this week at the Lincoln post office as Christmas cheer in boxes and envelopes made its annual appearance in quantity. (Star Photo.)

If You Didn't Mail Early, 'Get Started'

If you didn't mail early—mail NOW!

This is the plea of Lincoln Postmaster O. E. Jerner to Lincolniters after perusing comparative mailing statistics this year with 1959.

Seems that Monday's mailing by Lincolniters was down 20.9% compared with Monday, Dec. 14, in 1959. A d parcel post being sent by Lincolniters was down 13.4% over last year.

While Lincolniters evidently didn't heed the "mail early" campaign, residents of other cities did, figures show.

Incoming mail at the Lincoln post office was up 15.8% over last year. However, a figure that puzzles postal officials is that of incoming parcel post, which is down 28% compared to last year.

The overall picture for 1960 shows outgoing mail and packages down 19% and incoming parcels and letters up 5½% over last year.

'Extra' Mail Box Said

Aid To Post Office

During the Christmas mail rush, Lincolniters should put an extra box marked "U.S. Mail" near permanent home mailboxes.

Postmaster O. E. Jerner Tuesday urged Lincoln postal patrons to provide an extra receptacle marked "U.S. Mail" to receive the large amounts of mail usually received at this time of year.

The box ought to be big enough to take mail without folding or bending, Jerner added.

Sorrows Ended

St. Louis, Mo. (UPI)—Safe crackers worked hard to open the safe at the Western Blow Pipe and Sheet Metal Company, only to find it empty. A second safe defied their efforts.

So, like many other tired businessmen, they decided to have a drink and forget the whole business. They stole \$135 in Christmas whiskey from a nearby locker.

During October there were imported into Nebraska 47,279.518 gallons of motor fuel upon which taxes were paid.

This gallonage does not include refund gallonage nor that used in aviation or agriculture.

Gallons taxed during October increased 12% compared with October, 1959.

During the first 10 months of 1960, gallons taxed increased 1% compared with the same period last year.

Since January, 1955, the total gallonage of motor fuel includes special fuels for trucks and buses.

20 New Plants Will Hire 5,300 In Nebraska

Twenty new plants are either in operation or are building facilities that will employ more than 5,300 people in Nebraska during 1960, according to the annual report of the Nebraska Resources Division. The report said that during 1960 a minimum of 9 companies have carried out expansion programs that have resulted in a minimum increase of 270 employees.

The report also said that during 1960 the division was experiencing more activity in the field of industrial development than at any other time in history. "The job of influencing a company to build a plant in Nebraska is not a one day, week or month project," the report cautioned.

In 1960 the division has concentrated on procurement of industrial payrolls for Ne-

braska, assisting expansion of existing industries and helping the industrial organizations and cities in preparing for industrial development, the report said.

Not Full Program

Although these have been the main projects of the division headed by David Osterhout, the report said they are "by no means the full program."

The division has also engaged in development of a community services program, urban planning, industrial clinics, community surveys, advertising and cooperating with State Agricultural Director Pearle Finnigan in finding industrial uses for agricultural products.

The division is also working with Conway Publications, Inc., publishers of Industrial Development Magazine, to secure registered community

audits on cities in the state. Audits have been completed on 31 cities and approval is being sought for 6 others.

The report added the division hoped to complete audits on all cities of the state over 2,500 population and any other cities that want to participate.

To Inform City

These audits are used to inform the city of the opportunities to secure industry, to sell the city to industrial prospects and to provide companies with information on a particular city.

The report said the advertising program of the division has been running about the same level as previous years.

With passage of the industrial development amendment in the Nov. 8 election, a special quarter page ad appeared in the Wall Street Journal explaining the rev-

enue bond amendment and how it can help industry.

Up To Unicam

The report said it was now up to the state Legislature to enact legislation to allow cities and counties to make actual use of the revenue bond program.

Following are the new plants with their location and the number of employees:

O. A. Cooper Co., Cozad, 60-70; Magnus Corp., Fremont, 300; Roehr Products Corp., Norfolk, 400; Boundary Manufacturing Co., Beatrice, 400; Adweek, 30; Antelope Gas Products, Kimball, 20; Dunn's turkey processing plant, Lisco, 137; Central City Dehydrated Alfalfa Co., Central City, 12; Ritemix Milling Co., McCook, 20; Monroe Auto Equipment Co., Cozad, 400; Badger Machine Co., Lincoln, 50; International Paper Co., Omaha, 100; Dickinson Co., Broken Bow, 500; K & W Decoys, Tekamah, 9; Modern Products Inc., Elkhorn, 25; Consumers Co-operative Assn., Hastings, 100; Parker Seed Growers, Syracuse, 100-150; and Vickers, Omaha, 3,000, and Edison Dehydrating Co., Edison, 25.

Western Electric and Freightliner Trailor Co. have also announced that they are going to build in Omaha and plan to ultimately employ a combined total of 600 people.

Seaton Will Address Annual Hastings Meet

Hastings (P) — Interior Secretary Fred Seaton of Hastings has accepted an invitation to address the annual Hastings Chamber of Commerce dinner. The dinner will be held late in January or early in February.

Kingdom's First Road

Darjeeling, India (P) — The first road into the Hermit Kingdom of Bhutan is coming along rapidly with 9,000 laborers pushing into the mountainous interior of the little country sandwiched between India and Tibet.

Legislative Calendar

By The Associated Press
1st Extraordinary Session

Dec. 13, 1960
2nd Legislative Day

Convened at 10 a.m. Directly to enrollment and review of grossment on motion of Sen. Carpenter. Suspended rules to advance LB1 directly to enrollment and review of grossment on motion of Sen. Stryker. Determined meeting times for subsequent days of session. Adjourned at 10:37 a.m. to 11 p.m. Wednesday.

OLD FASHIONED CHRISTMAS

BY PAUL ENGLE

(Continued from Page 1) in cheerful innocence of the fact that every lush blade of grass brought them nearer to a finished condition and their death. Far down was the grove where wild grapevines hung for natural swings and we could fill pails with the sooty-purple clusters whose juice was quivering in a dish, tart to the taste.

From the grove came the butternuts, black walnuts, hickory and hazel nuts. The hazel bushes had straight, tough little trunks which had knobby roots going off at right angles not far underground. These made wonderful hockey sticks and we always dug out a couple and took them home.

The nuts were in pails by a corner of the kitchen and I would be ordered to take a hammer and a "sadrion" and crack bowls of nutmeats, under firm orders not to eat too many. But of course, I had to compare again the varied tastes of the different nuts—the oily richness of the black walnuts with their stone-hard shells, the light, dry flavor of the hazel, the sweetness of the hickory (so hard to dig out of the tiny crevices), the greasy smoothness of the butternut.

Understood the Words

On a farm like this, we understood the image of harvest. When grandpa read from the Bible as we paused before sitting at the table, his white beard moved majestically as if he really did have the confidence of the Almighty. He was a farmer who knew about getting in a crop, so that as he read the ancient words of threat and punishment, we understood them with fearful clarity: "Whose fan is in his hand, and he will thoroughly purge his floor, and gather his wheat into the garner; but he will burn up the chaff with unquenchable fire."

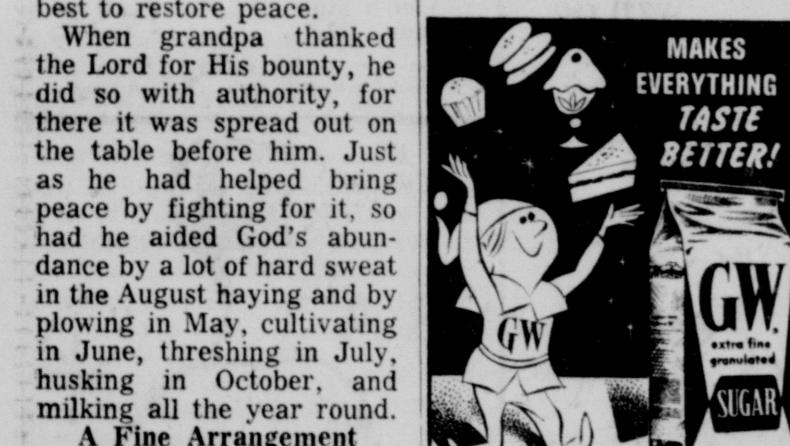

We had not fasted 40 days and 40 nights, but we had done enough in the cold air to stir hunger. There was one long table in the kitchen, and at one end of it a lower, smaller table for the children.

We sat down, and grandpa prayed. There was power in his voice, for when he addressed the Prince of Peace, his old Civil War cavalryman's saber on the wall above his head seemed to glow with the light of a man who had done his personal best to restore peace.

When grandpa thanked the Lord for His bounty, he did so with authority, for there it was spread out on the table before him. Just as he had helped bring peace by fighting for it, so had he aided God's abundance by a lot of hard sweat in the August haying and by plowing in May, cultivating in June, threshing in July, husking in October, and milking all the year round.

A Fine Arrangement
It was a fine, honest arrangement.

Berkeley, Calif., was named in 1866 for Bishop George Berkeley, philosopher, who wrote the line, "Westward the course of empire takes its way."

Enjoy it all... the planning... the trip... the fun... the restful return. Go the safest, the most convenient way... Continental Trailways.

Reds Renew Attack On Dag

United Nations, N.Y. (UPI) — The Soviet Union unleashed a new attack Tuesday night on Secretary-General Dag Hammarskjold's handling of the Congo crisis.

Interference Told

Hammarskjold had just reported to the council that the Congo government of President Joseph Kasavubu still was interfering with movement of strategic U.N. supplies and personnel.

The Soviet chief delegate, in a move interpreted as trying to force the Congo question into the 99-nation General

Brief Fighting Breaks Out During Sit-In Demonstration

By United Press International

A sit-in demonstration at a variety store lunch counter in Augusta, Ga., Tuesday touched off brief fighting between white and Negro youths.

Three Negroes were hurt, but not seriously in the 10-minute melee which ended before the arrival of police who made no arrests.

The incident occurred at Woolworth's, one of 4 variety stores struck by sit-in demonstrators in Augusta Tuesday, shortly after the lunch counter was closed. Eyewitnesses said around 10 white youths walked down the line of seated Negro demonstrators, brushing against them. Two Negro student leaders tried to move through the white youths and were set upon, according to witnesses. Several other Negro youths joined in the affray.

John E. Huston, Investment Broker Dies At Age 72

John E. Huston, 72, of 1740 C, Apt. 3, died Tuesday after a brief illness. He was an investment broker.

A Lincoln resident 26 years, he had served as an official of the Lincoln Joint Stock Land Bank until its liquidation in 1950.

After that, he continued in the investment banking field with an independent office in the Barkley Bldg. and was a salesman of mutual funds and stocks for a national brokerage firm.

The council met as fresh Congo crisis problems rose to confront it and a U.N. conciliation commission on its way to the Congo to study the problems first hand.

The conciliation commission representatives en route to the Congo are Jaja Wachukwu of Nigeria, chairman; Mohamed Sopie of Malaya, vice chairman, and Ato Aandom Mellesse of Ethiopia.

One new problem facing them is the declaration of Antoine Gizenga, a supporter of imprisoned ex-premier Patrice Lumumba, proclaiming himself premier and naming Stanleyville the Congo capital. This came after Guinea and Morocco said they are withdrawing their total 3,849 troops from the Congo, and 5 more countries declared unwillingness or inability to share in the \$66 million Congo operation bill for 1960. The entire Soviet bloc previously said it would pay nothing.

GIANT NEW YORK SCHOOL MOVING NEARER REALITY

New York (UPI) — A plan to reorganize New York City's 7 colleges into a city university — largest in the nation — met approval Tuesday from the board of higher education. There was no estimate of cost, nor any time schedule.

The 7 institutions are City College of New York, Brooklyn, Queens and Hunter colleges, and Staten Island, Bronx and Queensborough community colleges.

They now have 91,000 students and an annual budget totaling \$40 million.

In adopting a 23-page committee report, the board said the new university would not compete with the State Uni-

versity of New York, adding: "The conditions and public demands to be met by the new university are so divergent as to require that administratively the two be completely independent, but that they coordinate closely academic programs.

One of the main features of the reorganization would be to extend the scope of graduate study. The city colleges do not now offer doctorates of philosophy.

No new campus would be needed, the report continued, and increased instructional costs might come from federal, state and private sources.

Humphrey Proposes 10-Point Ag Plan

St. Paul, Minn. (UPI) — Sen. Hubert Humphrey Tuesday night outlined a 10-point program for American agriculture which he planned to present to President-elect Kennedy.

The Minnesota Democrat said a change in national administration does not mean that economic problems would be resolved overnight. But Humphrey was confident the Kennedy administration would have a new outlook toward agriculture.

"There will be a new spirit, a new attitude, a new determination in the highest counsels of this government to improve economic conditions for rural people of our nation," he said.

A Mason, he was a member of the Shrine and First Presbyterian Church.

Mr. Huston's son, John E. Jr., won the state high school tennis championship in 1938 for the second straight time while at Lincoln High.

Surviving are his wife, Harriett; his son, of Wichita, Kan.; two daughters, Mrs. Harriet Huston Carter of Manteca, Calif., and Mrs. Emelou H. Ridout of Des Moines, Ia.; a brother, Lowell of McCooka, Ill.; 6 grandchildren and 3 great-grandchildren.

Santas Banished

London (UPI) — Eighty Santa Clauses were banished from downtown London. Police said the Santas, who were advertising for a radio company, violated a law forbidding "fancy dress wholly or mainly for advertising" in the downtown area. They were allowed to operate in the suburbs.

United Nations, N.Y. (UPI) Yugoslavia joined the Soviet bloc Tuesday in announcing it will not pay anything toward the United Nations' \$66 million Congo operations bill for 1960. Yugoslavia may also demand compensation for use of its pilots there, a delegate said.

Portugal and Cambodia said they cannot share costs on the regular U.N. assessment basis, though Cambodia did promise a token voluntary contribution.

The announcements came in the U.N. Assembly Budget Committee. Heavy pledges to remit airlift costs and contribute to Congo civilian aid programs have reduced the Congo bill to about \$49 million. The U.S. pledge makes up about \$14 million. Britain, Sweden and the Soviet Union have indicated remission of some costs.

Humphrey, who withdrew from the presidential race after losing to Kennedy in the West Virginia primary earlier this year, addressed the annual banquet of the Farmers Union Grain Terminal Association here.

It also included a proposal that the new agriculture secretary undertake a massive public relations campaign "to better tell the farmer's side of the story to the rest of the American public." Such a move, Humphrey said, would "stimulate better consumer understanding of the farmer's role and problems in assuring the nation of an adequate food supply."

Credit Boost Asked

... By United

United Air Lines, Inc., of Chicago, has requested permission of the Nebraska Railway Commission to boost the total amount of its credit agreement with the First National City Bank of New York, officials reported Tuesday.

The commission earlier granted the airline permission to borrow \$130 million. The new request is to boost the amount to \$165 million.

It also requested permission to issue shares of common stock in payment of a 3 per cent stock dividend, and to issue its shares of common stock heretofore reserved for key management personnel under a restricted stock option plan.

All 3 requests were accompanied by requests to disclaim jurisdiction over the matters, which the commission refused to do on United's last application.

The commission has authority over certain financial matters of firms engaged in intra-state commerce, except where there is federal control. In this case, there is no federal authority, a spokesman said.

Hearing Reset

A hearing on the Rock Island Railroad's application to cut service from Fairbury to Ruskin and the Kansas line from 3 to 20 trains weekly has been reset for Jan. 18, the Nebraska Railway Commission announced Tuesday.

The hearing had originally been set for Dec. 15. The new hearing will be at 9:30 a.m. in the city council chamber at Beatrice.

A commission spokesman said the change was made at the request of the parties protesting the service cut, in order to allow more time to prepare their case.

Harvest Winding Up In Optimistic Style

The harvest of row crops in Nebraska is practically complete, the State-Federal Division of Agricultural Statistics reported Tuesday.

Yields have been good, and ideal harvest weather has permitted farmers to do a clean job of combining and picking, the weekly crop report said.

Field losses of grain have been less than usual. The moisture content of the grain has held consistently to a higher level than normal. Some high-moisture corn was being fed to livestock.

Temperature averages for the week were about 10 degrees below normal in the Panhandle, 5 degrees below normal in the north central part of the state, and near normal elsewhere.

The northwest portion remained cold during the week while the southern and eastern reporting stations had

substantial day-to-day temperature changes.

Precipitation was confined to light amounts of rain, freezing rain, sleet or snow on Saturday night in the southern third of the state and the southern Panhandle.

Precipitation in parts of the state was beneficial to fall seeded grain and legumes, the office reported.

Panhandle Still Dry

There was still a deficiency of soil moisture in the Panhandle counties and southwest. A good snow cover for winter wheat in those areas would be beneficial. Winter wheat and rye were entering the dormant state in good condition over most of the state.

'Anti-Social' Humphrey Back In Jail; 'Too Many Women'

Omaha (UPI) — The last time Richard A. Humphrey was in jail it was for plighting his troth irregularly.

He was back in police custody Tuesday. This time described by police as the husband of one woman, the common-law partner of a second and the woof of still a third.

Police said Humphrey, 27, was jailed in August for marrying a 27-year-old woman under a phony name, then arranging two large wedding banquets and starting to buy a new car, also under a false name.

He was released from jail last month and shortly afterward set up housekeeping with a 15-year-old girl, police said. When Humphrey left to pick up some cleaning and failed to return Saturday night, she notified police.

They checked with the 27-year-old who said she hadn't seen Humphrey and didn't want to, but understood he was paying court to an 18-year-old acquaintance.

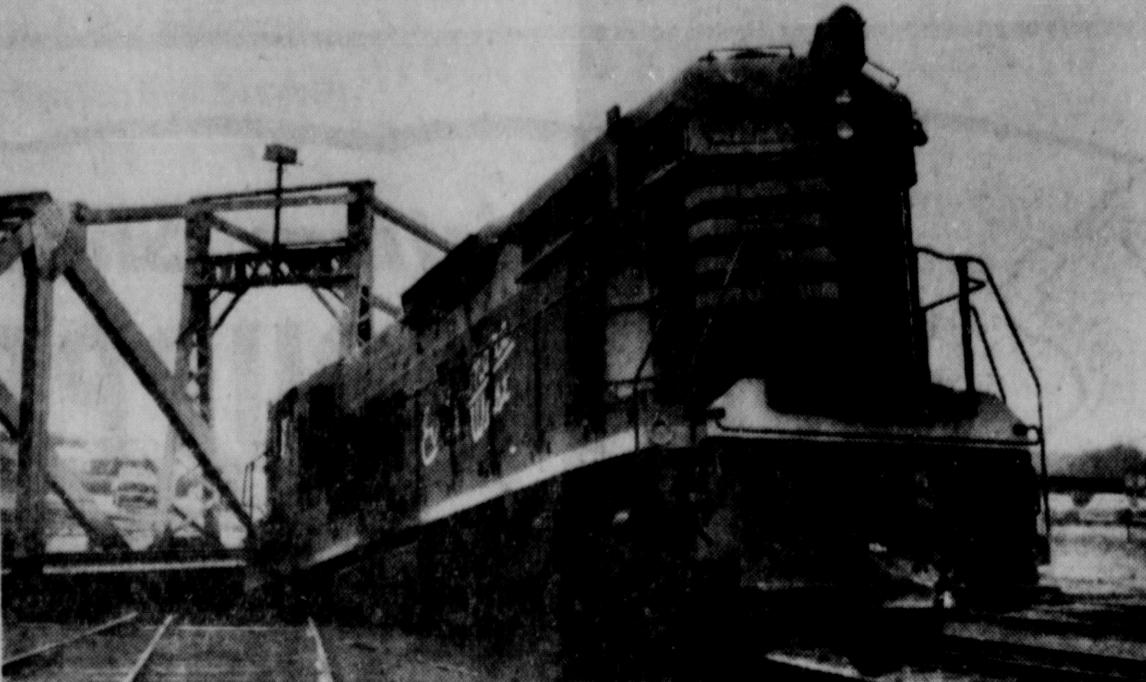

Police checked the 18-year-old who told them she "understood and wanted to take care of Humphrey."

Police, however, said they would take care of Humphrey

Farm work during the week consisted mainly of the usual chores, feeding livestock, and some field tillage was accomplished in eastern counties. The castor bean harvest was completed.

As for livestock, lower temperatures and snow covered ranges in the northwest stepped up feed requirements. The feeding of hay and supplements was general in the range area.

In the eastern part of the state, farmers were utilizing cattle for gleaning corn and milo fields. Cattle were moving into feed lots, and gains to date have been reported as satisfactory. The movement of feeder cattle has slowed, the office said.

PLUNGING DIESEL . . . damage estimated at \$6,000-\$8,000. (Star Photo)

Diesel Goes Into Pit, Burns At Roundhouse

Fire damaged a railroad diesel engine after it plunged into a turntable pit at the Burlington roundhouse west of Lincoln early Tuesday.

Fire apparently started when fuel tanks were

smashed as the engine landed half in, half out of a 6-foot pit, according to firemen.

Damage was estimated at between \$6,000 and \$8,000 by Burlington officials.

Terminal Supt. William Loos said damage included the punctured fuel tank, charred paint, burned glass and destruction of electric wiring.

The engine exhaust system was being sanded at the time of the mishap. According to Burlington officials, the operator accidentally put the engine in reverse when he intended to move forward. The

turntable was not set to accommodate the tracks on which the engine was traveling and the engine backed into the pit.

Two Lincoln Fire Department trucks extinguished the fire and the engine was towed out of the pit with a 25-ton wrecker.

Britain Won't Stop

London (UPI) — Prime Minister Harold Macmillan said that Britain "will not be deterred by blackmail" from setting up a base for U.S. Polaris missile-armed submarines in Scotland.

Rites Wednesday For Rev. Micek

Tarnov — Funeral services for the Rev. Raymond Micek, 70, pastor of St. Michael's Catholic Church here, will be at 10:30 a.m. Wednesday at St. Michael's.

Pastor here since August, 1959, he celebrated his golden jubilee in the Franciscan Order of St. Louis Sacred Heart Province Sept. 6, 1959, with a solemn high mass at his home parish in Duncan.

Ordained in 1917, Father Micek served assignments in Omaha, Petoskey, Mich., Cleveland, O., Bastrup, La., Alexandria, Minn., and Sioux City, Ia., before coming to Tarnov.

Surviving are sons, Frederick C. of Columbus and Donald W. of Monroe; two grandchildren, one great grandson, a brother and 4 sisters.

Whalen Is Appointed Hastings City Attorney

Hastings (UPI) — Gerald Whalen has been appointed city attorney to succeed Leslie Boslaugh, who last month was elected as associate judge of the Nebraska Supreme Court.

The City Council appointed Whalen, the unsuccessful Democratic candidate for Congress from the First District in last month's election.

Surviving are sons, Frederick C. of Columbus and Donald W. of Monroe; two grandchildren, one great grandson, a brother and 4 sisters.

Heat Causes Cold

Nashville, Tenn. (UPI) — Sixty guests at a downtown hotel were forced into the street in below-freezing temperatures when fire broke out in one of the rooms.

The City Council appointed Whalen, the unsuccessful Democratic candidate for Congress from the First District in last month's election.

Surviving are sons, Frederick C. of Columbus and Donald W. of Monroe; two grandchildren, one great grandson, a brother and 4 sisters.

They checked with the 27-year-old who said she hadn't seen Humphrey and didn't want to, but understood he was paying court to an 18-year-old acquaintance.

Police checked the 18-year-old who told them she "understood and wanted to take care of Humphrey."

Police, however, said they would take care of Humphrey

"Well,
I'll be a
monkey's uncle!"

I've got to admit it...curling does make Butternut better!"

That's all it takes, ma'am...just one taste! How does a simple curl do it? Well, you see, the new TENDR-KURL® method adds an extra step in the kneading process. It actually curls the dough, stretches the bread-cells to make the bread more tender. Presses out tiny air bubbles, so the bread stays fresher. It's baked longer, too...and that improves the flavor. You say new Butternut's the kind of bread you'd bake yourself...if you had time? Well, thank you! What more could we say?

Now it's Tender-Curled

\$465,000 School Bond Is Defeated

O'Neill — Voters here for the second time in two months rejected a \$465,000 bond issue for a new senior high school building. The latest vote was 724 against and 662 for the proposal.

Six million cases of disease were reported among the 3 million Union troops who served in the Civil War.

The shops are bright with presents these sparkling days. Holly and mistletoe.

"Step back in the car, please. Second floor: Household articles, rugs, linoleum. Going up."

That is the electronic voice of the elevator. Elevators are taught to think these days. All by themselves. If they start to snap shut on you, their rubbery edges sense this. And the doors open again apologetically.

Not only taught to think. Taught to think politely.

What to buy for Christmas. First, I must shop where they give you trading stamps. My teen-age child is saving for something. I am not sure what.

"Be sure to get the stamps!"

"I ALWAYS ask for the stamps, my dear."

"Sometimes you forget."

One of the things I have on my mind is whether we will get a turtle or a parakeet.

My 5-year-old boy wants turtles. But the last turtles we had — one was named Mickey Mouse after our favorite comic strip character; the other was Mrs. Wilson. He was named after our favorite baby sitter.

Any way, these turtles were purchased. They lived in a turtle palace. That was the name of the plastic bowl I bought for a dollar and a half. It had a plastic ramp. And in this plastic ramp you screwed in a plastic palm tree.

Anyway, I wanted to improve their lives — I am a softhearted, generous person.

The bottom of their bowl was filled with gravel. And I thought it might be hard on their turtle feet. Gravel is awfully hard on my bare feet.

So I bought 50 cents worth of sand. The kind you buy to put in the bottom of a bird cage. I built them a little sandy beach.

The turtles climbed onto this beach. Then they climbed over the edge of the turtle palace. Then they fell on the floor and went under the stove.

Short of ripping the house apart, there was no way to get them out.

Therefore, turtles are out. And anyway the turtle store does not give trading stamps. So we are against this.

A parakeet would make a good present.

Only I just read a story about parakeets and anting. I guess you do not know about anting. It seems it is the habit of these birds to pick up live ants and put them all over themselves!

This remarkable habit was studied by A. H. Chisholm, an Australian.

He decided: "In my view, the general purpose of anting is the stimulating and soothing of the body. And I suggest that the general effect is similar to that gained by humanity from the use of external stimulants, soothing ointments, counter irritants, and perhaps, counter smoking."

It took Mr. Chisholm 25 studious years to come to this conclusion. And it took me only 25 seconds after reading it to give up parakeets.

I do not want birds around the house who put ants on themselves. I would rather they smoked.

We are now considering Gila monsters. We know a pet store where they will sell you a Gila monster. He is too big to get under the stove. And they give trading stamps.

Family Features

ASK— Dorothy Draper

Why not plan a Christmas carol party this year? I have had one every year since I can remember, and my friends would feel that something was missing if they couldn't come and sing their favorite carols.

The party begins about five when it is dusk and the lights on the Christmas tree, the candles on the mantel and the flickering firelight cast their own holiday magic over the room. There are grandmothers and tiny ones and all the ages in between. There are old friends and friends of my children.

Paper-covered books of carols are passed around and you've never heard "Deck the hall with boughs of holly" sung with such joyous abandon.

After "the sing" the children all march into the dining room where they have their supper of creamed chicken, bread and butter, ice cream and sponge cake. The table is gayly decorated and each child takes home an inexpensive gift.

Meanwhile there are cocktails, tea and tiny puree of chicken sandwiches for the rest of us in the living room. Often this part of the party goes on and on with more good talk and singing. People don't seem to want to go home. And that, of course, means a party is a success. This is my favorite party. I look forward to it from one December to the next. It has everything that I sincerely believe makes a party go — warmth of welcome, good food and fun that everyone takes part in. Try it!

F. V. asks:

"Walls are yellow about the shade of this writing paper. Bedspread (fabric enclosed), draperies and valance in plain brown. What color lamp and shade, pillows and throw rug? Room seems awfully dark."

Dear F. V.:

My choice would be white lamps and shades. I should think pillows and throw rug like the peel on a tangerine would look well with both bedspread and draperies and cheer up the drabness of so much brown.

A. M. asks:

"Is it wrong to use two coffee tables in your living room? The room is about 20x14. A round coffee table (marble top) is in front of a curved sectional divan (against two walls.) The oblong wood coffee table is before the fireplace across the room with a chair on either side."

Dear A. M.:

Nothing is "wrong" if it looks right, and serves a purpose as your second coffee table seems to be doing. There is no law that limits the number of coffee tables in a room.

News Of Suburbia

COUNTRY CLUB TERRACE

We should begin suburbia news this year by mentioning the name of a new family now residing in the suburb.

A welcome to Mr. and Mrs. Sam Rubens and their 12-year-old son, Tom. The Rubenses moved to Lincoln and 4130 Dunn recently from their former home in Council Bluffs.

And on yesterday's social calendar was a surprise coffee given by Mrs. W. C. Becker and Mrs. Edwin Becker for their mother-in-law, Mrs. Amelia Becker, at the honoree's home. The incentive for the party was the 70th birthday anniversary of Mrs. Becker.

Now for the name of a guest who soon will be visiting

ing in the suburb—that of Miss Marlene Friedman, daughter of Mr. and Mrs. David Friedman of Omaha. Miss Friedman, who is a sophomore at the University of Missouri at Columbia, will be arriving home for the Christmas holiday Friday.

INDIAN VILLAGE

The welcome mat is out this morning for Mrs. Julia Geiger and her son, Donald, who have moved to Lincoln recently from their former home in Utica. Their suburbia address is 1530 Nemaha.

And neighbors are happy to welcome to Lincoln Mr. and Mrs. Richard E. Christy and their two children, Bruce and Peggy. Formerly residing in Memphis, Tenn., the Christy family moved into the home at 1421 Otoe earlier this month.

Another change of address to note is that of the Rev. and Mrs. Donald V. Rose and their family, who moved recently from 2225 So. 11th to 1660 Otoe. The younger generation of the Rose family includes Jon, Steve, and Sandra.

And we might add that the Rev. Mr. Rose is the minister at St. James Methodist Church.

Understand that some additional newcomers to Indian Village are Mr. and Mrs. Robert E. Crowl and their two children, Gary and Joan. Formerly living at 3414 Curtis Dr., their new suburbia address is 1625 Pawnee.

"Where Our Customers Send Their Friends"

Dear Abby— Abigail Van Buren

DEAR ABBY: What causes a man to leave his wife, children, home and church for another woman?

I was married to a man for 21 years. I loved him and tried my best to be a good wife and mother. I was happy and thought he was, too.

Out of the blue, he told me he was in love with another woman. He packed up and moved out. He left me six months pregnant with a 14-month-old baby and four older children. The woman he left me for is 12 years younger than I am. He met her at work. She knows our religion doesn't allow divorce and remarriage but she doesn't care. My husband is begging me for a divorce. My heart says no. My friends say yes. I'm all mixed up.

BROKEN-HEARTED

DEAR BROKEN-HEARTED: The answer to your first question, "What causes a man to leave his wife, children, home and church for another woman?" is "Temporary insanity."

DEAR ABBY: When a hostess has a party and some guests bring other people, and a card table has to be set up in addition to the big dining room table which seats 14, WHO should sit at the card table? My husband says the "extra guests" who were not invited by us. I say my husband should sit at the big table and I should sit at the little one.

NOISE AT OUR HOUSE

DEAR NOISE: In the case of TWO tables—the hostess should sit at one, and the hostess at the other.

DEAR ABBY: A boy wrote in telling you he thought it was a "sin" for his mother, who was 40, to have a baby. Well, I don't think it's a "sin," but I have news for you — I doubt if any woman in her right mind would go in for it, at age 44, on purpose.

I am 42 and have a new grandchild. My daughter went on a trip and I am caring for her baby. I've been up for three days and three nights and I can't see straight — but the baby is still going strong. Women past 40 should leave well enough alone, and let the younger ones increase the population. I have no sympathy for them, and neither will their husbands. They'll sleep through it all.

DEAD TIRED

DEAR ABBY: Please tell "TIN GRIN" that I am 13, fairly attractive and well liked. I also wear braces, and have since last June, and it hasn't hurt my popularity any. It seems in our school if you haven't got freckles, braces, glasses or pimples, you're out of style. "TIN GRIN AND LIKES IT."

CONFIDENTIAL TO G. K.

Place a raw beefsteak over your eye and then place a two-inch strip of adhesive tape across your mouth.

As a result, declarer easily made the rest of the tricks and scored the slam, winning a spade, four hearts, three diamonds, and four clubs.

West made a serious error by discarding a club. It should have been evident from the bidding that declarer had the king of clubs to justify the slam call. A club discard was therefore bound to give declarer a twelfth trick and should have been avoided at any cost.

West should have discarded the six of spades instead — and without any signs of distress. This gives West two chances to defeat the contract — East may have the queen of spades, or else South, not seeing the blank king, might later finesse the queen of spades and go down.

The club discard hands South the slam on a silver platter; the spade discard gives West at least a sporting chance to set the contract. The danger involved in blanking the king is more fancied than real. West is of course acutely aware of baring the king, but South who does not see West's cards, is hardly in a position to judge the actual setup.

At the other table, where six hearts was also bid, declarer went down one by the simple method of taking straightforward finesses in hearts and spades.

The club discard hands South the slam on a silver platter; the spade discard gives West at least a sporting chance to set the contract. The danger involved in blanking the king is more fancied than real. West is of course acutely aware of baring the king, but South who does not see West's cards, is hardly in a position to judge the actual setup.

At the other table, where six hearts was also bid, declarer went down one by the simple method of taking straightforward finesses in hearts and spades.

TALK OF THE TOWN

Time was when Santa used reindeer instead of a space ship — when Christmas trees were trimmed the night before Christmas "when all through the house not a creature was stirring — not even a mouse."

And of course the Christmas plans are signed and sealed, and in the news this morning are guests and holiday travelers.

—We hear that Mr. and Mrs. Lyle Holland, their daughter, Mrs. Lynn Wieland, the small Lyle Wieland, and Mr. and Mrs. Holland's son-in-law and daughter, Dr. and Mrs. Thomas Ludwick, plus Scott and Todd, will be going to Omaha to spend Christmas as the guests of Mr. Holland's brother and sister-in-law, Mr. and Mrs. Yale Holland.

—Also on the away-for Christmas list are Mr. and Mrs. Earl Cline who will spend the Christmas week end as the guests of Mrs. Cline's brother-in-law and sister, Mr. and Mrs. F. D. Simpson in Atlantic, Ia.

—There is to be a complete family group at the home of Mr. and Mrs. Philip Aitken during the Christmas week.

The first to arrive will be Mr. and Mrs. Aitken's son, Jim, who arrives on Friday

from Lawrenceville School, Lawrenceville, N.J. Then, arriving in time for the Christmas week end will be Mr. and Mrs. Aitken's son and daughter-in-law, Mr. and Mrs. Philip Aitken, Jr., their son-in-law and daughter Mr. and Mrs. Andrew Johnson and the two small Johnsons, John Philip and Beth, all of Newton, Ia.

—Timing things just right so that he would be here for the Christmas season was Todd Walker Haight who arrived on Tuesday, Dec. 13, at St. Elizabeth Hospital. Todd's parents are Mr. and Mrs. Larry Haight, and his mother is the former Sissy Walker, daughter of Mr. and Mrs. J. Keith Walker — and Kappa Kappa Gamma at Nebraska. Mr. and Mrs. Standley Haight are the paternal grandparents.

—The Shattuck School contingent will be arriving to-morrow — and in the group will be John Abel, son of Mr. and Mrs. George P. Abel, Jr.; David and Robert Anderson, sons of Mr. and Mrs. Kenneth E. Anderson; John Hilton, son of Dr. and Mrs. Hiram Hilton; Eric Swanson son of Mr. and Mrs. W. M. Swanson, and Harold Nelson, Jr., son of Mr. and Mrs. Harold Nelson.

BRIDES

A busy December bride-elect is Miss Mary Jane Phelps whose marriage to J. C. Olsen Graver will take place on Saturday, Dec. 17. The 4 o'clock ceremony will be solemnized at Westminster Presbyterian Church.

Saturday morning Dec. 3 the bride-to-be was presented a linen shower at a coffee for which Mrs. Robert Pegler, Mrs. Richard Hedrick, and Mrs. Robert Hansen were hostesses at the home of Mrs. Hansen.

Honoring Miss Phelps Friday evening were Mrs. Ralph Heiman and Mrs. Wilbur Frenzel who invited 16 guests to the home of Mrs. Heiman for a dessert supper. During the informal evening, the soon-to-be bride was presented with a linen shower by the guests, all friends of her mother.

For her honor attendant, Miss Phelps has chosen Miss Jacqueline Higbee. The bridesmaids will be Miss Carol Ann Phelps and Miss Kit Phelps, sisters of the bride-elect.

Announcing the members of her bridal party this morning is Miss Jane Spicknall, who will become the bride of Donald McArthur on Thursday, Dec. 22, at Christ Methodist Church.

For her honor attendant, Miss Spicknall has chosen Miss Karin Anker. The bridesmatron will be Mrs. Harold W. Spicknall of Lansing, Mich., and Miss Harry Strickland will be the bridesmaid.

Lighting the candles for the 7:30 o'clock ceremony will be Miss Pamela Hastings and Miss Susan Galbraith.

The flower girl will be Miss Sherrie Fry of Holridge.

Serving as best man will be Jack Nyquist of Axtell. The ushers will be David Carter of Atlanta and the bride-elect's brother, Harold W. Spicknall of Lansing, Mich.

Leaving on Wednesday for Missoula, Mont., are Mr. and Mrs. Lloyd Morrison who will visit their son and daughter-in-law, Mr. and Mrs. Wesley Morrison, and their family.

The couple plans to return to Lincoln following the New Year holiday.

Combining business with pleasure during his visit in Lincoln last week was Henry F. Kierstead of San Diego. Mr. Kierstead, who is associated with Convair, inspected missile sites in the Lincoln area and visited at the home of his mother, Mrs. H. J. Kierstead.

MRS. KENNEDY WILL WEAR—

This morning Helen Thomas of UPI gives us a preview of the wardrobe chosen by Mrs. John F. Kennedy for the inaugural festivities. The future First Lady bestowed upon Oleg Cassini the greatest "honor" of his career.

Mrs. Kennedy chose the talented designer to create part of her evening inaugural festivity wardrobe and the formal gowns she will wear during the winter social season at the white house.

Gay, witty Cassini, who has designed glamorous clothes for numerous movies, was taken completely by surprise at the announcement, although he knew he was in the running.

The designer whose elegant workshop is on New York's famous fashion street—seventh avenue—was reached for an interview after the president-elect's press secretary Pierre Salinger announced that Mrs. Kennedy had chosen him for the job.

Salinger also repeated what was already known—that Bergdorf Goodman, the New York department store, would create the next first lady's inaugural ball gown from some of Jacqueline Kennedy's own sketches.

But the bulk of the job will be in Cassini's creative hands. "It's the greatest thing that has happened in my career," Cassini said excitedly. "I think it's the best possible honor any designer can have."

Cassini, who has never de-

signed for Mrs. Kennedy before, spent three and one-half hours with her last Wednesday at Georgetown hospital where she was recuperating from a cesarean section. He sketched and talked to her about her "likes and dislikes" in the fashion field.

The formal gowns will be made of a new straw lace and gros de londres fabric, in pink and white. Another will be a brocaded organza in mandarin orange. Two others include a white satin "almost sheath" type and a black velvet.

The formal gowns will be

floor length, some with boat necks and some with elbow length sleeves befitting the propriety of the white house. Some of the gowns will be on slim lines.

Somé will have fuller skirts, but not, said Cassini, "the scarlet O'Hara kind of skirt. Cassini also plans to do some "short things" for Jacqueline Kennedy such as dresses, coats and suits.

Cassini, who has been de-

signing for 20 years except for five years in the Army,

said Mrs. Kennedy has with-

drawn a style of her own."

Darkhaired slender Mrs. Kennedy has a well known flair for fashion. Cassini said that the wife of the future president "must have realized that I understand her tastes."

The tall slender designer is a believer that there is "as much talent on this side of the ocean in the fashion field as there is in Europe."

One Washington fashion columnist said that when 47-year-old Cassini puts on a fashion show, "he's more of a show sometimes than the fashions."

He was formerly married to movie star Gene Tierney and boasts a clientele which includes royalty and society figures.

He's also a diplomat. When asked how much the wardrobe would cost Mrs. Kennedy, Cassini laughed and said: "Let's not be commercial."

CLUB, PTA YULE PROGRAMS

The December luncheon of the CONVAIR WIVES Club will be held Wednesday noon at Holiday Inn. Originally planned for East Hills Country Club, the meeting place has been changed.

Meeting Wednesday evening will be the members of the University of Nebraska LAW WIVES Club who will gather at Tabitha Home at 7 o'clock for caroling.

The group's meeting will be held later in the evening at the home of Mrs. Sam Van Pelt, 3313 So. 28th.

Members of the GENERAL ARNOLD School PTA will meet at 1:30 o'clock Thursday afternoon at the school for a Christmas program to be presented by the pupils.

Mrs. Lloyd Chapman will be hostess to the DELTA ZETA Alumnae at 7:30 o'clock Thursday evening at her home, 3227 E. Pershing Rd.

The Christmas party will include a gift exchange, and Miss Joyce Johnston will be in charge of the program which will feature songs by Mrs. Ben Akert and carol singing by the group.

Assisting hostesses will be Mrs. Rex King and Miss Lila Belle Love.

A Christmas program was presented by the school chorus and the Mothersingers Tuesday afternoon at the December meeting of PRESCOTT PTA. The program was opened with a devotional service led by Mrs. Paul Owen.

Hostesses for the social

hour were mothers of 4th grade pupils.

Following the program, mothers of 1st graders were hostesses for the coffee hour.

A reading of Van Dyke's, "The Real Meaning of Christmas," was given by the 6th grade language arts pupils on Tuesday at the monthly meeting of HUNT-

INGTON PTA. The program also included music by the kindergarten and 3rd graders, and the instrumental music class.

Hostesses were mothers of 2nd graders.

The annual Christmas party of the SHARON EXTENSION CLUB was held Monday afternoon at Cotner Terrace. A reading was given by Miss May York, and following a gift exchange, the group sang carols.

Guests of the club were Miss Hazel Cooley and Mrs. A. W. Williams.

The next meeting will be held Jan. 10 at the home of Mrs. Elmer Barnhill.

The executive board of RILEY PTA meet at 1:15 o'clock Tuesday afternoon at the home of Mrs. Jerome Vance, 1326 No. 46th.

Guest speaker at the regular meeting of Alpha Beta Chapter, EPSILON SIGMA ALPHA, which was held at the home of Miss Mary Stour, was Mrs. Shirley Michael, director of the Service Club of the Lincoln Air Force Base.

The annual Christmas dinner-dance of the chapter was held last Saturday evening at East Hill Country Club.

Tests Show Local Pupils 1.7 Years Above National Reading Average

Johnny IS learning how to read!

According to reading achievement tests, the average Lincoln Public School 6th grader is 1.7 years ahead of the national norms.

The margin declines slightly with lower grades, but remains significantly above the national median.

Dr. R. L. Fredstrom, assistant superintendent, and Miss Edith Pembroke, reading coordinator, presented to the School Board Tuesday results of a scientifically-oriented reading program, instituted in the public schools 4 years ago.

"We can feel that we have a very strong reading program in Lincoln," Dr. Fredstrom pointed out.

He gave the board tabular

matter reflecting California Achievement Test results in reading given to 3rd, 4th, 5th and 6th graders every September since 1957.

These results showed that in 5th grade, for example, the increase in attainments has boosted the local reading average from an initial grade placement level of 62 to 67. The national average remained at 51.

Continued Rise

In every category, the results each year show there have been continued fractional improvements by Lincoln elementary students placing them further ahead of the U.S. median.

"We have also pressed the teachers to slow down on the amount read. We are interested in quality reading educa-

Pershing Auditorium May Host Commencement, Baccalaureate

Pershing Municipal Auditorium may be the site of the Lincoln public high schools commencement exercises and a joint baccalaureate service next spring.

The board was also shown a massive handbook, compiled under the direction of Miss Pembroke and presented to the system's 22 general assignment teachers to aid in correcting individual reading difficulties of students.

Results of achievement tests as presented the board members are:

3rd grade—national average 3.1; Lincoln average was 3.9 in 1957, 1959 and 1960, and 3.8 in 1958.

4th grade—national average 4.1; Lincoln average was 4.3 in 1957 and 1958, and 3.5 in 1959 and 1960.

5th grade—national average 5.1; Lincoln average was 6.2 in 1957, 6.5 in 1958, 6.7 in 1959 and 6.1 in 1960.

6th grade—national average 6.1; Lincoln average was 7.6 in 1957, 7.7 in 1958, 7.7 in 1959 and 7.8 in 1960.

The final decision rests with the individual high schools.

Cost to the school district for use of the auditorium on the 4 occasions will be \$1,000, according to Supt. Steven N. Watkins. He told the board that this is a reduction of \$200 from the \$1,200 regular price.

Board members indicated that the auditorium would be the solution to the present problems of commencement exercises which include ven-

tilation and limited seating when held indoors and unpredictable weather for out-of-doors exercises.

East Death Ruled As Road Fatality

Omaha (UPI) — The death of Al East, 79, Omaha, was caused by automobile accident injuries, coroner George Sullivan ruled Tuesday.

East was hit by a car driven by Anton Prusha, 27, Monday as he dropped a bundle of laundry in the street and stopped to retrieve it.

Ships Block Suez

Port Said, Egypt (UPI) — A collision between the U.S. freighter Elie V, 7,650 tons, and a Belgian dredger interrupted Suez canal traffic for 5 hours.

Shot Fatal To Stuart Wife

Stuart (UPI) — Funeral services were to be held at St. Boniface Catholic Church here for a young farm wife who was shot to death.

Mrs. Norma Jean Weber, 17, was killed instantly by a blast from a 16-gauge shotgun her husband, Dennis, 20, was holding, authorities said. The couple was married July 6 at Mrs. Weber's hometown of Gregory, S.D.

The accident occurred at the farm of Weber's father, about 10 miles north of here. The young couple lived on a farm about a mile from his father's place.

Authorities said the couple was returning the shotgun Weber had borrowed from his father. He was checking it to be certain it was not loaded when it discharged. The blast struck Mrs. Weber in the face as she was getting out of the car.

The young husband was hospitalized in a state of shock.

Rasmussen Rhodes Representative

Russell L. Rasmussen of Allen Tuesday was named the University of Nebraska's representative in the annual Rhodes Scholarships competition.

Rasmussen and 8 other Nebraska applicants will appear Wednesday before the Nebraska Rhodes selection committee at Creighton University.

From the Nebraska group,

two finalists will be selected to appear before the 6-state regional committee in Des Moines next Saturday. The regional group in turn will select 4 of the 12 finalists for the scholarships.

Last year Rasmussen, 22, son of Mr. and Mrs. S. P. Rasmussen, was a Nebraska finalist in the Rhodes competition, losing out in the regionals.

Other candidates for

Wednesday's session at Creighton are:

John O. Ellerson of Columbus, student at Harvard University; Lloyd H. Ellis of Greeley, Colo., Yale Graduate School; Paul F. Festeren of Omaha, student at Yale; Richard P. Frederick of Emporia, Kan., student at Midway University; James E. Johnson of Lincoln, graduate of the U.S. Naval Academy; John A. Rakowski of Omaha, Creighton University senior; J. Robert R. Smith of Omaha, student at Harvard University; and Robert J. Willman of Grand Island, student at Harvard Graduate School.

The tiny island on which the Statue of Liberty is located was owned by a Dutchman named Bediou, when New York was called New Amsterdam. Bediou's daughter, Mary, sold the Island in 1732 for 5 shillings.

RULES TO AVOID WINTER MISHAPS:

Col. C. J. Sanders of the Nebraska Safety Patrol Tuesday suggested 7 rules for avoiding accidents on slippery roads this early winter season:

1. Learn to adjust speed to varying road, weather and traffic conditions.
2. Get the "feel" of the road by trying brakes or gently pressing accelerator while driving slowly.
3. Follow other vehicles at a safe distance.
4. Pump the brakes to maintain best steering control when braking on ice or slippery snow.
5. Signal intention to turn or stop well in advance.
6. Keep windshield and windows clear.
7. Have good tires—snow tires if preferred—and always carry a pair of reinforced tire chains for severe conditions.

"Between now and March some severe snow and ice

conditions will cover our streets and highways," Col. Sanders said. "By following these fundamental rules we can overcome these hazards that face us each winter."

Fun For Huskers In 77-52 Runaway

SMU Hands Oklahoma First Loss

... OU Falls, 67-61

Dallas, Tex. (AP) — Southern Methodist, able to win but one of 4 previous starts, knocked off the previously unbeaten Oklahoma University basketball team 67-61 Tuesday night.

SMU's Mustangs triumphed despite the tremendous shooting and rebounding of the Sooners' 6-foot-8 Brian Etheridge, who led the scoring with 26 points and the rebounding with 12.

James Thompson paced the Methodists with 20 points, most of them from outside. This enabled SMU to break up a tight Oklahoma swinging and sinking defense.

SMU held a 33-29 halftime lead and forged ahead by as much as 9 points until midway of the second period, when a jump shot by the Sooners' Edward Evans deadlocked the score at 57-all.

Jim Hammond hooked in one from the field and added a free throw to put the Mustangs back in front, and they employed a semi-stall to keep their edge with a little over 4 minutes to play. Etheridge left the game on fouls at this point.

Everybody Plays, Everything Works

... DENVER IS VICTIM

By Bob McCoy

Nebraska basketball coach Jerry Bush tried 'em all Tuesday night—all his troops and all his plays—and needed only about half of each.

The Huskers, running hot and cold, trounced outmanned Denver University 77-52 for their 3rd victory of the season.

There was never much doubt in the contest, which got underway as usual with the centers—Bill Bowers of Nebraska and Bob Grinstead of Denver shaking hands.

Bowers got the tip and Nebraska's Jan Wall whipped in a jump shot from the corner. Before Denver could get on

the scoreboard, NU had 11 points.

The Pioneers, whose faucet showed only cold water all night, never got closer than 8 points. And the Rocky Mountain boys weren't pressing then.

Nebraska scored on all of Bush's pet maneuvers—the "roll play," the "rub" and the give-and-go.

Bush had his first-stringers out nearly half of the way and all 12 Huskers who got into the game scored.

Bush Entertains

Jerry spent the final 3 minutes of the game entertaining a little girl who popped out of the crowd for a brief session on the coach's lap.

Jim Kowalke, Bowers, Tommy Russell, Wall and Rex Swett led the early assault which snowed under the Pioneers.

Kowalke scored 16 points, with brief duty in the second half. Russell added 12, Wall and Swett 10.

Russell and Bowers picked off 10 and 9 rebounds, respectively as NU far outclassed the Pioneers in this department.

But the first stringers weren't the whole show. In fact, the 2,500 fans who turned out gave more approval to the NU shock-troopers.

Subs Score

Elmer Walin, Ivan Grupe, Jim Yates and Jim Huge got their first 1960-61 points in the furious banting down the stretch.

Walin, who missed a free throw in the first half and then got a basket after the whistle a moment later, finally dented the point column with a free throw 5 minutes from the end.

Elmer wound up with 5 points, hitting his first basket with 50 seconds left.

Yates had a tougher time. The 6-8 sophomore tried 11 shots before cashing in with 1:50 to go.

Grupe scored on a first half free throw and a basket with 6 minutes left. Huge, who joined the Huskers just last week after camping with the Nebraska football team, hit a jump shot with 2:50 to go.

Denver's chief threats were Rick Barrett and Tom Vezie, who tallied 12 points each. But the Pioneers hit only 21 of their shots in 4 games.

Nebraska, now 3-1, faces a stiff assignment this weekend on the road. The Huskers play Detroit Saturday night and Cincinnati next Monday. Both foes are rated among the nation's Top 10.

Liston Denies Payoffs

... AT LEAST, NONE TO HIS KNOWLEDGE

Washington (AP) — Heavyweight challenger Charles (Sonny) Liston swore Tuesday he does not know that any underworld characters take a slice of his ring earnings. If he finds they do, he said, he'll get rid of them.

Liston, who carries a long police record in St. Louis as well as a dazzling 30-1 boxing record, told Senate investigators he was unaware that either Frank (Blinky) Palermo of Philadelphia or John J. Vitale of St. Louis acted as his undercover manager.

The Senate unit hopes to drive hoodlums from the prize fight business. It has received testimony that mobster Frank Carbo, racket figure Palermo and ex-convict Vitale split with two others the manager's end of Liston's purses.

Palermo, the pint-sized Philadelphian whose name has threaded the prize fight hearings, preceded Liston as a witness but refused to yield any information. He also invoked the 5th amendment.

Palermo, among others, faces trial in Los Angeles next February on charges of attempting to muscle in on the earnings of former welterweight Don Jordan. His adamant silence drew from subcommittee Chairman Estes Kefauver, D-Tenn., a promise

to recommend contempt proceedings against him.

Kefauver dismissed Liston after more than two hours on the stand, with a sympathetic lecture. Consult a clergyman, someone he could trust on financial matters and possibly a police officer, Kefauver advised Liston.

For his part, Liston in a stumbling draw suggested of boxing's future that "the onliest thing that can bring it back to life is a guy who fights like Joe Louis and fights anybody and everybody."

That fighter, he implied, could be Liston. He rapped Ingemar Johansson, Brian London, and Pete Rademacher, whom Patterson has fought. And of a title match with Patterson:

"If me and him was to fight, it would be a bigger gate than him and Johansson had."

Patterson lost the title to Johansson in 1959 but recaptured it from the Swede this year.

Carbo To Be Taken From Jail To Testify

New York (AP) — Two deputy U.S. marshals were assigned Tuesday to go to Rikers Island prison and take into custody Frankie Carbo, alleged underworld ruler of boxing, and bring him before the Senate boxing investigation in Washington.

Carbo, serving two years after pleading guilty to being an underboss, is expected to testify today before the investigating body.

Ohio State In AP Poll Lead

...BIG EDGE OVER BRADLEY

By The Associated Press
Jerry Lucas and Co. from Ohio State hold a commanding lead in the first weekly basketball poll by The Associated Press' panel of sports writers and sportscasters.

With the All-American star of last season rolling along with a 27-point average in 3 winning games, Ohio State already is being boomed for second straight NCAA title. The Buckeyes are idle until Saturday when they play Wichita.

Ohio State drew 35 of the 36 first place ballots in the season's first poll. The other

Bucks Can't Improve On Offense, But...

Star sport 2-2 had to come...

Chicago (P) — NCAAB champion Ohio State scarcely could improve offensively, but Coach Fred Taylor reported Tuesday the Buckeyes are "definitely better on defense" this season.

Taylor told the Chicago basketball writers, via amplified telephone, there has been no letdown on the part of the Buckeye crew which whipped California 75-55 for the NCAA crown last March.

"Maybe we've started a little slowly for the people around Columbus, Ohio, but we're doing what counts—winning," said Taylor, whose team has a current 3-0 record and rates No. 1 in the Associated Press weekly poll.

"We didn't expect to improve on a 49 per cent shooting mark last season, said Taylor, "but our defense has improved."

Ohio State plays at Wichita Saturday night before sharing Chicago Stadium billing Monday night with California. The Buckeyes meet Chicago Loyola and California plays Northwestern.

"Our kids are working harder than ever," Taylor said. "Nobody is resting on his laurels, including Jerry Lucas." Taylor said Lucas, who starred in the Rome Olympics last summer, was excused from running sessions in pre-season practice. "There was no sense in Jerry burning himself out," said Taylor.

Taylor said senior Larry Siegfried, No. 1 feeder and playmaker, has become a "more complete player," and junior John Havlicek has improved over last season.

While Big 10 teams have been struggling at a .500 pace against outside competition so far this young season, Taylor doesn't think the conference caliber has slipped.

"There is more experimentation going on," said the coach of the defending Big 10 title club, "but you can bet the whole league suddenly will get tough when conference play starts next month."

Northeast Sophs Trip LHS, 44-37

Lincoln Northeast's sophomores staved off a late bid by Lincoln High to salvage a 44-37 basketball win Tuesday night.

Jim King led the Rocket Sophs with 12 points.

Northeast 8 13 9 14-44
Lincoln High 5 5 11 16-37
Winners high—Jim King, 12. Losers high—Rowe, 8.

Omaha Pugs Draw

Omaha (P)—Wayne Womochil and Bill Nielsen, Omaha heavyweights fought a 10-round draw Tuesday night in Omaha's first professional boxing show in many months.

The City Auditorium show drew a crowd of 4,040 with a gate of \$8,862.

In the co-feature, lightweight Joey Parks, Omaha, won a unanimous 10-round decision over Art Wilburn of Galesburg, Ill.

Saturday. Detroit's only other game this week is a Saturday date with Nebraska.		
Indiana, a 66-55 winner over Missouri Monday, is the No. 4 team despite a defeat by Detroit last week in double overtime. Indiana's next is Nevada on Saturday.		
North Carolina, winner of its first two, was in 5th place. Its schedule called for Kentucky Tuesday, Kansas State Friday and Kansas Saturday.		
St. Bonaventure, the No. 6 team off its 4-0 record through Saturday, added a 5th victory Monday by downing Xavier of Ohio 85-75. The Bonnies play Morehead State Saturday. St. John's, idle until Friday, ranks 7th on a 3-0 record.		
Duke, Louisville and North Carolina State round out the top 10 in that order. Duke beat South Carolina 107-79 Monday and Louisville knocked off Georgia Tech 74-65 in the Bluegrass tournament. North Carolina State was idle.		
Valparaiso Duo Paces 74-49 Win		
Lincoln Star Special		
Valparaiso — Jim Blazek and Steve Kratochvil scored 22 and 20 points respectively as they led Valparaiso to a 74-49 win over Wahoo Catholic here Tuesday night.		
Blazek took command of the victors' floor play and left the rebounding to the 6-4 Kratochvil, who pulled down 16 roundball ricosets. Larry Krumel garnered 18 points for the vanquished.		
For Hays 39 38-78 Kearney 55 40-85 Winners high—Tom Williams, 21. Losers high—Larry Daugherty, 11.

Tecumseh Gets First Loss, 48-40

Lincoln Star Special

Tecumseh — A cold 3rd quarter hurt the Tecumseh Indians here Tuesday as the T-Towners dropped their first game of the season 48-40 to the Falls City Tigers.

Falls City was in the free throw market and took advantage of Tecumseh fouls, connecting on 18 of 21 from the charity line while the Indians received only 10 gift tosses, hitting 6.

It was also Falls City 4th quarter night and nearly half of the Tiger points came in the deciding canto.

Tom Castle was the only Falls City player to hit the double figures and tallied 12. Dan Wherry led the scorers with 15 for Tecumseh, followed by teammate Larry Johnson with 11 counters.

Bill Nelsen, Hillsboro, Ore., sophomore set the individual record for pass completions by connecting 140 times in 1959, his freshman year.

Jim Flynn, Valley junior, set the record for passes caught in a single game by snaring 9 against Wesleyan in 1959.

Previous high for pass completions was set in 1958 by Stan Jackson of California Poly College of Pomona. Four men held the record for catches with 8 each.

AFL Title Game Set For Jan. 1

Lincoln Star Special

Fremont—Two Midland College football players were listed as record holders in the 1960 National Assn. of Intercollegiate Athletics record book.

Lincoln Star Special

Midfield—Midfield High won its first game of the season Tuesday night, 57-43, over Ceresco.

The Midfield quintet now has a record of one win and one loss.

Del Thominson of Midfield

led the scoring with 22 points and Don Tejar of Ceresco dumped 16.

Midfield 9 12 6 16-43
Winners high—Tom Castle, 12. Losers high—Dan Wherry, 15.

Winners high—Denny Kirby, 16. Losers high—Jim Owens, 18.

Richmond Buys Walz

Richmond, Va. (P) — The Richmond Virginians of the International Baseball League purchased righthanded relief pitcher Bobby Walz from Denver of the American Association.

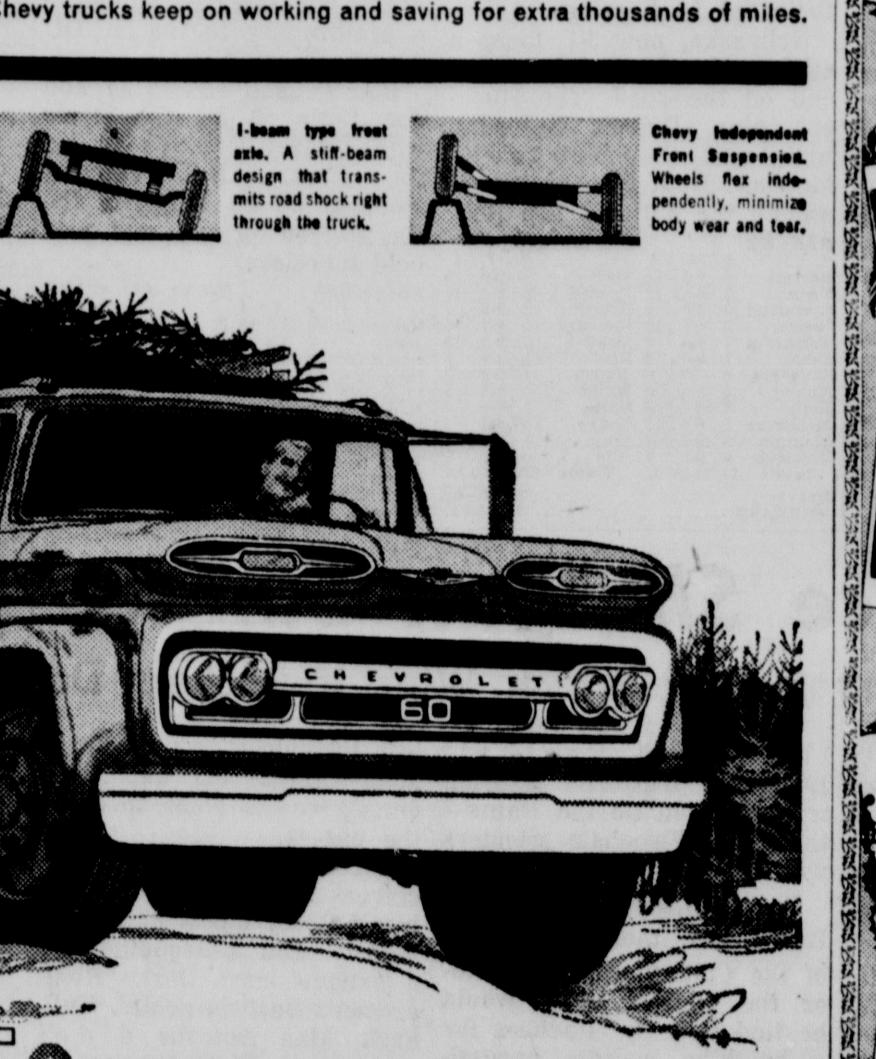

Tom Williams led the Bears with 21 points, followed by Gary Hohnbaum with 15.

Walz, 28, posted a 7-5 record with the Bears last season.

Steve Nordstrom marked up 13 points for the losers. Weeping Water's record stands at 3-1.

Weeping Water 24 16 18-76
Waverly 17 14 12 14-57
Winners high—Steve Nordstrom, 13.

Because they ride easier they last longer, too. They take better care of payloads and they make a long day's work a lot more pleasant for the driver. All that—primarily because of Independent Front Suspension (I.F.S.). If you think it's stretching a point to attribute that many advantages to a suspension system, you haven't driven a new Chevy with I.F.S. Take the wheel and feel its road-leveling ride, its almost total absence of shimmy and wheel fight, its ease of steering even in the big rigs. Spend hours behind the wheel and you're not nearly as tired. You're not and neither is the truck. That independent suspension soaks up the worst shock and vibration—the kind that can twist sheet metal and loosen joints and increase your maintenance costs. That's why Chevy trucks keep on working and saving for extra thousands of miles.

Undefeated Louisville Wins Own Bluegrass

Lincoln Star Special

Louisville, Ky. (P) — University of Louisville shook off an old jinx Tuesday night, beating Western Kentucky 86-71, to win its own Bluegrass Invitational basketball tournament.

Bill Nelsen, Hillsboro, Ore., sophomore set the individual record for pass completions by connecting 140 times in 1959, his freshman year.

Jim Flynn, Valley junior, set the record for passes caught in a single game by snaring 9 against Wesleyan in 1959.

Angels, Senators Pick Players Today

... FINAL SELECTION PLANS SET

Boston (AP)—Officials of the new Washington and Los Angeles clubs Tuesday went over final plans before a history-making session in which they will select many of the players who will perform for the two new American League teams.

Today they will meet with league president Joe Cronin and draft 28 players each from a pool provided by the 8 existing teams.

The meeting originally was scheduled Tuesday, but was postponed when a raging blizzard halted all air travel in and out of Boston.

Los Angeles general manager Fred Haney and Bill Rigney—named as the Angels' field boss only Monday—arrived and, along with

Rebound Ace Higel Named Star Of Week

By Al Beebe

Unbeaten Geneva's ace rebounder, at 6-2, is not exceedingly tall as basketball stars go. But he is snaring the ball with the regularity of someone 6-5 or more.

For his work last week, Bob Higel earns The Star's "Basketball Player of the Week" award.

In two games, Higel came up with a total of 45 rebounds and 31 points.

The Wildcats snared 22 off the boards, and tallied 15 markers, in Geneva's 55-42 win over Deshler. Then he picked off 23 rebounds and got 16 points in the important 59-53 win over previously undefeated Seward.

Higel and these other top performers will receive cards from The Star.

Lincoln Northeast's Earl Wright's 24 points and great rebounding led 72-53 win over Lincoln South.

Weeping Water—Big (6-8) Carl Voyles hit 19 points and got 23 rebounds in 30-26 trouncing of Syracuse.

Central City's Larry Wiesbach, high man in-win over Omaha Westside, got 26 the next night to upset Hastings. 58-39.

O'Neill St. Mary's—Norman Muddoff, 5-7, hit 12 points in 10 minutes to bring team from 10 points back to 49-43 win.

Wood River's Gary Dubbs got 24 points, including 10 of 16 free throws, and 18 rebounds in win over Pekin.

Center—Lee Sealer, another sophomore, sank free throw after the final buzzer to beat Lynch. 54-53. Was also a high scorer in win over Royal the same week.

Patterson Awarded Neil Boxing Plaque

New York (AP) — Floyd Patterson, the first man to regain the world heavyweight boxing championship, Tuesday was named winner of the Edward J. Neil memorial plaque as "Fighter of the Year" for 1960. The award was made by the Boxing Writers' Association.

The heavyweight champion turned professional in 1952 shortly after his return from Helsinki, where he won the Olympic middleweight title.

He has lost only two fights, the title to Johansson and an earlier 8-round bout to Joey Maxim on a decision.

Negotiations for a 3rd Patterson-Johansson match have been progressing slowly. No date or site has been announced.

The U.S. Labor Department reports that women workers now total 24 million, and the number is expected to increase to 30 million by 1970. These women "on the go" look to their daily newspapers for what and where to buy—leadership studies show that of all the sections of the newspaper, advertising ranks first with women.

"THAT'S RIGHT, NO BITE!"

Says LAWRENCE C. IVES, cattlemen, entrepreneur, and owner-president of the 273,000 acre Del Valle Cattle Company Ranch near Tombstone, Arizona.

Conservatives Gain Confidence Vote As British Laborites Poked By Split

London (P) — About 70 Laborite legislators revolted against the party leadership in the House of Commons Tuesday night and helped give the Conservative government a smashing vote of confidence on its defense policies.

It was the biggest party rebellion in parliament since the late Aneurin Bevan led left-wingers against the leadership 8 years ago.

The vote came at the end of a debate on a Labor Party motion criticizing the government for failing to press for "a balanced nuclear strategy in Europe" and relying unduly on the nuclear deterrent.

Many back bench Laborites refused to budge when the time came for them to troop into the division lobbies to record their vote for the motion.

It was defeated by 318-163—for a whacking majority of 155. Prime Minister Macmillan's government normally commands a Commons majority of about 100.

Government spokesman in the debate insisted that Britain must retain its nuclear and conventional weapons until the arms race is halted by international treaty.

One highlight was a disclosure by Defense Minister Harold Watkinson that Russia has very greatly increased the number of medium-range rockets all around its "fringe territories."

Nevertheless, Watkinson

said, this increase would be balanced by America's possession of nuclear submarines armed with Polaris missiles.

Labor Party leader Hugh Gaitskell hit out at members of his own party who want Britain to renounce nuclear weapons and get out of the Western Alliance.

"We believe that the Western Alliance is necessary and that we must have adequate defenses," Gaitskell said.

"We have never regarded the NATO alliance as an end in itself. The Western Alli-

ance is necessary only be-

cause the United Nations, in its present form, cannot guarantee security and protection to any nation which is threatened by attack."

Macmillan curtly rejected Soviet threats and Laborite grumbles over the British-American arrangements for basing Polaris submarines in British waters. He said he is satisfied with all aspects of the deal allowing the nuclear-driven submarines to refuel, refit and replenish at Holy Loch on the Clyde.

U.S. Could Fire Minuteman In 50 Seconds

Seattle (P)—Deadly, nuclear-tipped Minuteman missiles, rolling through the country side on special trains, could be fired within 50 seconds of an alert, an Air Force General said Tuesday.

Maj. Gen. O. J. Ritland of Los Angeles, commander of the ballistic missile division, told a news conference the solid-fuel Minuteman could be launched from any one of thousands of pre-selected rail sites.

About 150 of the intercontinental missiles will be carried on trains shuttling over the nation's railroads. Little had asked \$53,500 damages for injuries he allegedly suffered Oct. 14, 1959, in a two-car accident at Lynch and O.

Little alleged Breslow was intoxicated at the time Breslow's car was involved in a rear-end collision with his car. Little alleged he suffered a brain concussion, back injury and other injuries in the accident.

is prime contractor for Minuteman, which is expected to be in combat readiness in 1962.

Lt. Gen. Bernard A. Schriever, head of the air research and development command, also disclosed at the news conference that barges and

freighters were being considered for ocean-going Minuteman launch sites, but he said he thought they might be too expensive compared with trains and underground silos.

Some 450 of the 6,000-mile-plus missiles will eventually be stored in these silos across the northern row of states.

Bids for the first Minuteman launching complex in North-Central Montana were opened by the army engineers here Tuesday.

Schriever said in an address before the news conference that an underground radio system for remote control and firing of the missiles has been developed.

"It will represent a virtually jam-proof communications network which is also highly invulnerable to sabotage," he said.

No Polio For 4th Consecutive Week

Nebraska went through its fourth consecutive week with no reports of polio cases, the State Department of Health said Tuesday.

Total for the year remained at 16 cases compared to 131 reported for the same period last year.

No rabies cases were reported the past week leaving the total number for 1960 at 48 compared to 39 for the same period in 1959.

Ecuadorean President Raps U.S.

Quito, Ecuador (P)—President Jose Maria Velasco Ibarra, angered by the U.S. position in an old border dispute between Peru and Ecuador, has begun praising Soviet Premier Khrushchev as a great statesman and world leader. His minister of government proposed establishment of relations with Moscow.

Addressing a Guayaquil rally of 50,000, Velasco Ibarra hailed Khrushchev's peaceful coexistence line. Following the rally demonstrators hurled rocks through windows at the U.S. consulate building in Guayaquil.

Ecuador denounced the treaty as invalid and said the 4 guarantors supporting it—the United States, Argentina, Brazil and Chile—"did not heed the voice of justice."

Ecuador had repudiated the border agreement last September, claiming it was signed under duress while Peruvian troops were on Ecuadorian soil.

The president said Khrushchev's complete disarmament proposal is one that "will some day impose itself on the human race."

Velasco Ibarra mixed in his Khrushchev compliments with declarations that he will take Ecuador's dispute with Peru to the United Nations.

Earlier a shouting mob destroyed U.S. consul's private auto in Guayaquil.

Velasco Ibarra mixed in his Khrushchev compliments with declarations that he will take Ecuador's dispute with Peru to the United Nations.

The president said Khrushchev's complete disarmament proposal is one that "will some day impose itself on the human race."

Minister of Government Arujo Hidalgo told demonstrators in Quito that "the United

States must kill us to impose on us the resolution of the guarantors.

"If the United States has betrayed us, we don't have to be friends with the United States," he asserted.

Hidalgo declared "my personal opinion about relations with Russia is that we must establish these relations soon, for this is the only recourse we have left."

Marketing researchers at the University of Minnesota say American food shoppers spend an average of 22 minutes in the grocery each time they go marketing.

French Leader Standing By Algerian Home Rule Policy

Paris (AP) — President de Gaulle came home Tuesday night from his Algerian tour and announced he is standing by his home rule policy for the big North African territory, despite rioting there that left 123 dead.

He narrowly missed a new outbreak of rioting by both Algerian Nationalists and Frenchmen in Bone, his take-off point from Algeria. French troops fired on Frenchmen there for the first time in 5 days of violence. Seven Algerians and two Frenchmen were killed.

"We have only one policy and it is necessary to follow it. It is the good one," the 70-year-old president told cabinet members and deputies greeting him at the airport.

At the same time he dispatched a letter to Louis Joxe, Algerian affairs minister, saying cooperation between the European and Moslem communities is essential.

"All that I have just seen and heard in the course of my inspection has convinced me of this more firmly than ever," de Gaulle wrote. "To assure this cooperation, and

to oppose all whose action tends to prevent it — this is the policy of France."

He sped off to his official residence behind a motorcycle escort and along streets guarded by more police. The stubborn leader called for a full-scale cabinet review amid reports he plans to fire his ministers, even though they could lead to independence for Algeria.

Behind him in Algeria, de Gaulle had left word for tough treatment of the leaders in the disorders that began with anti-de Gaulle riots by the Europeans and ended in pro-nationalist riots by the Moslems. Although he never mentioned the riots while in Algeria, they are believed to have roused him to cold anger.

As de Gaulle's twin-jet Caravelle sped across the Mediterranean, police rounded up 216 suspected troublemakers in Algiers. European settlers' leaders went underground in their determined campaign to keep Algeria part of France.

De Gaulle's parting plea to Algeria had been one for understanding between Moslems and Europeans.

"Without this I see only

Children Found Safe After Night In Woods

Clayton, N.C. (AP) — Five youngsters returned Tuesday to warm beds in the orphanage they ran away from 24 hours before — apparently little the worse for a night they spent huddled in the woods in bitter cold weather.

Several of the nearly 1,500 volunteers who had searched for the children through most of the night figured they were lucky to be alive.

"I don't see why they didn't freeze to death," said Kenneth Johnson, a 36-year-old carpenter who found the children — 3 girls and two boys — huddled together for warmth in the 14-degree weather.

Mistreated

One of the girls, 13-year-old Shirley Pearson, said they had run away from the Knights of Pythias home because they had been mistreated. She said a matron had whipped her 11-year-old brother, Jimmie, and hit him over the head.

Later, after the children had returned to the home, Shirley said she had not been mistreated.

She said she had no thought of leaving until Tula Faye Tester, 13, another of the runaways, came to the house about a week ago.

Got In Head

"She started talking about it," said Shirley, "and I got it in my head."

"I got homesick," said Tula Faye. "I said I wanted to go home, and she (Shirley) said she wanted to go home, too."

Jimmie Pearson told reporters the spanking he received at Thanksgiving had nothing to do with his leaving. He said he had virtually forgotten about it.

"They (the girls) wanted me to go with them," he said. "I didn't want to leave."

The other two runaways were Dennis Walker, 8, and Nina Walker, 6, half brother and sister of the Tester girl.

Instead of returning from school in Clayton on a school bus as usual, the children walked off and wandered into

Equalization Board Likely To Hike 4 Local Valuations

By Del Harding

The County Board of Equalization indicated Tuesday it would follow the recommendation of County Assessor Arthur Davis and increase personal property valuations submitted by 4 local business firms.

The board, comprised of the 3 county commissioners, deferred formal action until Dec. 20 pending an inspection tour of the firms involved.

Appearing Tuesday at a hearing called by the board were representatives of the Comptometer Corp. of 2105 Y (formerly Nebraska Salesbook Co.); Dobson Bros. Construction Co. and its subsidiary, the D-B Equipment Co., both of 503 First National Bank Bldg.; and Zale Jewelers of 1320 O.

The county is at issue with Dobson Bros. and the D-B

Equipment Co. over their accounts receivable figures as listed on their 1960 personal property tax returns.

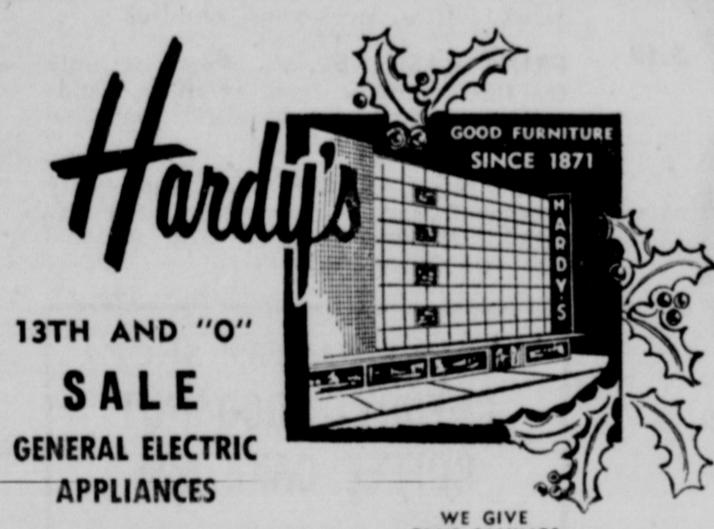

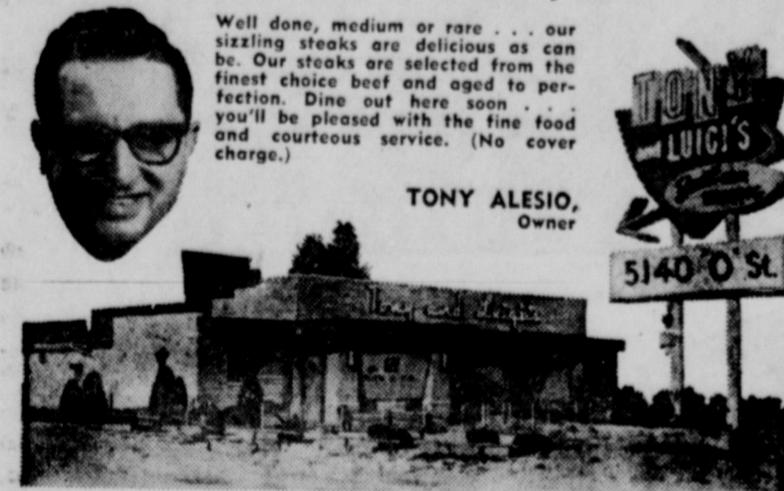

Dobson Bros. listed \$946,775 in accounts receivable and D-B Equipment listed \$45,810 in accounts receivable on their tax returns. But both then subtracted from these totals such items as accounts payable and the result was the wiping out of the accounts receivable totals.

The county assessor's office contends these deductions should not have been made and added back on the \$946,775 and the \$45,810 to the returns.

Raised Considerably

The Comptometer Corp. and Zale Jewelers set values on their business inventories which were raised considerably by the county assessor's office.

Children 'Read Better' Today Than Ever Before

By Karen Kenney

"Children are reading better today than ever before," delegates were told at the Nebraska County Superintendents Assn. institute Tuesdays.

Alma Ashley, Peru State Teachers College, charged NCSA members to answer criticisms of the reading program with facts which prove the vast increase in reading ability through the years.

She pointed out that comparisons of reading achievement tests from the early 1900s to date have proven the increasing effectiveness of the United States' reading program with superior margins.

In denying criticism that children are not taught phonics in the approach to reading, Miss Ashley firmly stated that "educators do believe phonics are one of the keys needed to open the locked doors of reading," and that this system is "definitely a part of our curriculum."

Preceding Miss Ashley's answers to the critics were discussions on the disabled reader and his problems and the necessity for adequate library unit-programs.

Always Need

Miss Sue Arthubnot, professor of elementary education at the University of Nebraska, explained that there has always been a need for help for the disabled reader, but the know-how was previously lacking.

She told delegates that now the needs and problems of the disabled reader can be analyzed and understood, and with proper training, solved. "Provision for the disabled reader must be made to com-

Tiny Tobbaganists

Best Flying Antics

Gardner, Mass. (UPI) — Airplane pilots who have zoomed under bridges were sissies to Mary Dabasitis, 10, and Margaret Dulean, 8.

Tuesday, intentionally or not, they rode their toboggans through, between the fore and aft wheels, of a moving truck and lived to tell about it after they came a cropper in a snow bank.

Truck driver George A. Racette, 33, was far more disturbed than they.

Globe-Trotter Finds Life In Small Town Is 'Tops'

By Dean Terrill

Southeast Nebraska Bureau

Nebraska—Are you among the small-town Nebraska thousands who'd swap all of main street for one night of the world's bright lights?

Then better talk to the guy here who traded Hong Kong and Paris for this town of less than 1,000—and threw in Colorado Springs' famed Broadmoor Hotel for good measure.

He is Bill Lane, 45, who for two decades traveled the world's glamour spots in recruiting and labor relations work for overseas contractors. Tangiers, Cairo, Madrid, the most exotic cities of South America and the mysterious ones of Siberia—all were included in what he considers the "bargain" of his move here 2½ years ago.

"The only thing wrong is there just aren't enough hours in the day in these little towns," he remarked between phone calls (in English, one of the 5 languages he speaks). "I've never been so busy in my life."

It was during a convalescence in Nelson, his wife's hometown, that the footloose Oklahoman decided to give up his globe-trotting. Perhaps influenced by his serious auto accident in far-off Peru, he bought a local insurance agency and—in his words, "started living."

"I've been on every continent, and, believe me, this life is it," he enthused. "All the horses in Nuckolls County couldn't drag me back to the so-called big time."

Worked At Broadmoor

That "big time" once included being assistant manager of the Broadmoor, with some 600 employees under him, for about 3 years. His family lived in New York 5 years, and his visits there between jobs makes him all the more appreciative of the small community.

"I'm afraid folks in little

Noted Singer, J. C. Thomas, Cancer Victim

Apple Valley, Calif. (AP)—Famed baritone John Charles Thomas, star of opera, concerts and radio during his 45-year career, died Tuesday of cancer at his home. He was 68.

He had been ill for months and in a coma for days. He underwent surgery, described at the time as minor, at the UCLA Medical Center March 18, 1959. Death was attributed to intestinal cancer.

Thomas, one of the most popular singers of his day, was known for the deep, rich quality of his voice. It matched his manly appearance—broad shoulders, huge chest. On his many concert tours he held audiences rapt for two hours or more, working through a repertoire ranging from operatic arias to Negro spirituals.

Dramatic

Part of his charm was his dramatics. His experience on the stage gave him background for convincing enactment of the stories he sang. Thomas and his wife, Dorothy, moved to this desert community northeast of Los Angeles in 1954. For a time he managed a radio station here.

In 1957 they built a fashionable, ranch-type home overlooking the Apple Valley Golf Course.

Farewell

Thomas made his farewell concert tour, although it was not billed as such, when he appeared in about 50 cities in 1952-53. For several years prior to that he had been devoting himself to teaching in Los Angeles.

He made his first professional appearance with a Henry W. Savage road company in London, Ont., in late 1912. He soon became a matinee idol in Broadway musicals with many women admirers who exclaimed over his blond hair, fine features and athletic build.

But Thomas complained that singing the same music day after day was distasteful and said that he only stayed in musicals to get enough money to do concerts.

Youth Treated After

Parked Car Accident

Ronnie L. Miller, 19, of 1025 No. 66th, was treated and released from a local hospital after the car he was driving struck a parked car at 60th and Holdrege Tuesday, police reported.

Owner of the parked car was Richard Jelinc of 3933 Worthington, police said.

Badlands Will Serve As Target For SAC Flights

Omaha (AP)—The Strategic Air Command said B58 bombers will soon begin flying training missions over a corridor from Mason City, Ia., to Dubois, Ia., with the Badlands of South Dakota as primary target.

SAC said the 40-mile-wide corridor from Mason City to the Badlands will permit better use of radar bomb scoring units in the Badlands area.

SAC crews from Carswell Air Force Base, Texas, will make the flights under all-weather conditions, either day or night.

East U.S. Numb

Blizzard Death Toll Passes 200 Mark

By The Associated Press

Record cold—as low as 28 below zero—brought the East Tuesday, compounding the misery of the Atlantic seaboard's worst pre-winter blizzard. The digging-out task was a monumental and agonizingly slow.

No relief from the deep freeze was in sight before Thursday, the Weather Bureau said. Christmas business losses already were in the multi-millions.

A bright sun, replacing snow clouds, mocked the area, the warmth of its rays dissipated in the icy air. However, gale winds subsided after piling up snowdrifts to a depth of 9 feet.

The death toll from the weekend storm passed the 200 mark in 19 states and the District of Columbia. Auto accidents, shipping mishaps, freezing and weather-induced heart attacks contributed their share to the awesome total.

Communities isolated by the storm got their first deliveries of milk and bread since last week. Other food supplies also were moving in once again, averting any threat of famine.

Red Willow Holds Oil Well Spotlight

Denver (AP)—New locations 114 last week in High Plains-Rocky Mountain oil and gas fields, Petroleum Information said Tuesday. Wyoming led with 29.

Developments in the area, as reported by the industry publication, included:

Western Nebraska-Best recoveries from Lansing-Kansas City and from Reagan formations ever logged in this area were reported with unofficial classification of two drillstem tests run at a step-out west of Sleepy Hollow Field in Red Willow County.

M. W. Volentine is drilling the well a half mile west of Pennsylvania and Cabrian production at Sleepy Hollow. Burch Drilling completed a south offset to the operator's Silver Creek Field discovery in the same county, pumping 80 barrels of oil a day.

Roberts Mortuary—Adv.

Otto To Speak—Sen Norman Otto, administrative assistant to Governor-elect Frank Morrison, will speak at the Wednesday morning meeting of the Sunrise Optimist Club.

Roberts Mortuary—Adv.

Talking Letter Call—The last call for the Red Cross "Talking Letter" program for Christmas recordings to servicemen stationed overseas has been given. Letters should be in the mail no later than Dec. 20 to insure airmail delivery by Christmas, the Red Cross announced.

Wadlow's Mortuary—Adv.

Money Taken—The Carr Tavern at Malcolm was broken into about 1 a.m. Tuesday and about \$12 was reported taken from a cash register, deputy sheriffs reported. An elderly man sleeping in the tavern awoke and frightened when the burglar by firing a rifle shot at him but the intruder escaped.

His first job at Ford was to establish a planning control department. In rapid succession he became controller, assistant general manager of Ford division, vice president and general manager of Ford division, group vice president in charge of car and truck divisions and then president.

McNamara is 44 years old, one year older than Kennedy. He was a contemporary of the president-elect at Harvard where he received a master's degree in business administration in 1939.

From 1940 to 1943 he was an assistant professor of business administration at Harvard. As a consultant to the War Department he helped plan a statistical control program which later was applied to the whole complicated logistics operations of the Air Force.

Facts And Figures

In an industry filled with flamboyant extroverts, McNamara is a reserved type who appears to shun the "hard sell" approach in favor of facts and figures.

He looks and dresses like

the school teacher he once was—timeless classes; hair

as a news conference on

the day after the election when he was named president of Ford, McNamara said he thought Kennedy's election would have "no material effect" on Ford's business but expressed belief the Democrat "will make a good president."

Soviet Deputy Foreign Minister Valerian A. Zorin made the charge in the U.N. General Assembly's Political Committee, where he threw Moscow's unqualified support behind an Asian-African resolution calling for a U.N. referendum on self-determination in Algeria.

Francis W. Carpenter, spokesman for the U.S. delegation, issued this statement: "The Soviet charge that U.S. U-2 planes are being used to carry out reconnaissance in Algeria is a complete fabrication. We reject it categorically."

McNamara professes to be a political independent. He contributed to the successful 1958 senatorial campaign of Democrat Philip Hart of Michigan. This year he contributed to the unsuccessful bid for governor by Republi-

can liberal Paul Bagwell.

At a news conference on

Boy, 11, Braves Flames To Rescue 2 Brothers

Ontario, Ore. (AP)—An 11-year-old boy dashed twice through the flames and carried his two baby brothers to safety from second-floor bedrooms of their burning home here.

Fire Chief Bob Prahl said Jerry Davis ran through flames to reach the tots, and dropped both into the arms of his mother, waiting at the bottom of a stairway.

The youth suffered severe burns on his hands, face and ears, but was reported in satisfactory condition Tuesday.

Prahl gave this account of the rescues:

Jerry walked out the front door of his home and saw flames spewing from an upstairs bedroom window. He shouted to his mother, Mrs. Loren Davis, who herded 4 other children outside. Then young

Davis ran upstairs.

There was a wall of flame at a bedroom door, but Jerry darted through it and found his brother, Mark, 2, huddled in a corner. He carried the boy to the stairway, dropped him to his mother, then followed them outside. Mrs. Davis counted noses and found that Neil, 4, was missing.

They got back into the house, but fire raged at the top of the stairs. Mrs. Davis boosted Jerry up to a second-floor bannister, and he went into another bedroom, and found Neil in a corner, surrounded by fire. He dropped Neil to his mother and then jumped down the stairway. All got out safely. Neil and Mark suffered only minor burns.

Prahl said the father, a construction worker, was not at home.

New Western Solon Favors Sales Tax As Replacement

Sidney (AP)—A two per cent sales tax for Nebraska as a replacement measure is favored by George Fleming, Cheyenne County commissioner for 14 years who will take a seat in the Legislature in January.

"I am definitely not for a sales tax as an additional tax, but a replacement tax," he said.

Fleming said he feels the enactment of the sales tax would eliminate in whole or in part the property tax base.

Turning to other matters he said he would prefer a two house Legislature to the unicameral system because western Nebraska would be more thoroughly represented.

He said he would like to be instrumental in providing for a reasonable limitation on number of bills of each senator during a single session.

"Two years ago, for example, one senator introduced 90 bills in a single session. During that session more than 700 bills were introduced for consideration. I think that it is impossible for the Legislature in a single session to give adequate attention to such a mass of legislation. I think if each senator were limited to 10 bills per session better legislation would result," he said.

It's all part of what's known as Global Weather Central which issues weather maps in support of the Strategic Air Command's nuclear missiles and bombers.

Weather observations from all over the world are fed into a huge computer, the "brain" that makes the forecasts. The forecasts, on magnetic tape, tell air pressure, wind velocity and direction, temperature and humidity at hundreds of required points in the northern hemisphere.

The "hand," a device called an automatic data plotter, uses this information to draw a weather map. The plotter takes the data from the magnetic tape and embodies it all in the map. In 2½ minutes it can draw a map that takes 30 to 45 minutes to draw one by hand.

The weather maps and charts are transmitted to all SAC bases and other points over a facsimile network similar to nationwide network used to transmit news pictures to newspapers and television stations.

Global Weather Central expects to put the new electronic plotter into service about Jan. 1.

One of the four persons aboard the Grace is Michael C. Cowan, son of Mrs. Patrice Cowan of Lincoln, and a 1960 graduate of the University of Nebraska. He is a graduate of Cathedral High School in Lincoln where he reigned as homecoming king in 1954.

The Grace is a Columbia University, New York, vessel engaged in research in the Atlantic area. She called for help about 125 miles north of Bermuda and the cutter Coos Bay rushed to her aid.

A radio report said the Grace, a 60-foot two-masted schooner, was in no immediate danger and was proceeding safely in winds ranging from 30 to 60 miles an hour.

The Grace is a Columbia

University, New York, vessel engaged in research in the Atlantic area. She called for help about 125 miles north of Bermuda and the cutter Coos Bay rushed to her aid.

A radio report said the Grace, a 60-foot two-masted schooner, was in no immediate danger and was proceeding safely in winds ranging from 30 to 60 miles an hour.

The incident took place at 9th and Garfield.

Driver of the bus was Earl TeSelle of 3940 St. Mary's, police said.

Red Charge Called A Lie By America

United Nations, N.Y. (AP)—The Soviet Union charged the United States Tuesday with sending U-2 spy planes over rebel-held areas of Algeria to help the French. The United States labeled the accusation a lie.

Soviet Deputy Foreign Minister Valerian A. Zorin made the charge in the U.N. General Assembly's Political Committee, where he threw Moscow's unqualified support behind an Asian-African resolution calling for a U.N. referendum on self-determination in Algeria.

Francis W. Carpenter, spokesman for the U.S. delegation, issued this statement: "The Soviet charge that U.S. U-2 planes are being used to carry out reconnaissance in Algeria is a complete fabrication. We reject it categorically."

McNamara professes to be a political independent. He contributed to the successful 1958 senatorial campaign of Democrat Philip Hart of Michigan. This year he contributed to the unsuccessful bid for governor by Republi-

can liberal Paul Bagwell.

At a news conference on

the day after the election when he was named president of Ford, McNamara said he thought Kennedy's election would have "no material effect" on Ford's business but expressed belief the Democrat "will make a good president."

He looks and dresses like

the school teacher he once was—timeless classes; hair

DEATHS

AXELSTED—Funeral of Mrs. Carrie Axelst, 83, former teacher who died in Garden Grove, Calif., Saturday, will be 1:30 p.m. Thursday at Roper & Sons, 1319 N. the Rev. Richard Kellogg of First Methodist Church officiating. Interment will be in Evergreen Cemetery, Beatrice, Neb. She was a member of the Methodist Church at North Bend, where she had resided before moving to Lincoln. Survivors: husband, Albert N. Bliss; daughter, Mrs. Marcella Beck and two sons, Alvin, 21, both of Garden Grove; 3 step-children: Mrs. Ruth Dornburg, Mrs. Luta Ferguson, two sons, George and Charles; Mrs. Louise Johnson and Miss Laura Hanson, both of Raymond; 5 grandchildren and 3 great-grandchildren.

BLISS—Mrs. Olive Myrtle Bliss, 75, of 313 Coffey Ave., died Tuesday. Born in Jo Daviess County, Ill., Mrs. Bliss had lived in Lincoln the past 14 years. She was a member of the First Methodist Church and North Star Lodge 227. She served in the U.S. Army in the 10th Armored Division at Ft. Knox, Ky. Survivors: wife, Eunice; daughter, Susan; mother, Mrs. Clara Matulka of Lincoln; father, Gordon Coffey of Lincoln; son, John E. Jr. of Wichita, Kan.; brother, Lowell, of McComb, Ill.; 6 grandchildren and 3 great-grandchildren. Robins.

COLLINS—Gale D. Collins, 42, of 7209 Orchard, died Tuesday. He owned and operated a Jacobs Service station at 11th and 30th Streets. He had lived in Lincoln since 1954. He was a member of First Methodist Church and North Star Lodge 227. He served in the U.S. Army in the 10th Armored Division at Ft. Knox, Ky. Survivors: wife, Eunice; daughter, Susan; mother, Mrs. Clara Matulka of Lincoln; father, Gordon Coffey of Lincoln; son, John E. Jr. of Wichita, Kan.; brother, Lowell, of McComb, Ill.; 6 grandchildren and 3 great-grandchildren. Robins.

DRAKE—John E. Houston, 72, of 1740 E. 21st, died Tuesday. He was an official of Lincoln Stock Bank until its liquidation in 1952. After that, he continued the investment business and had an independent office located in the Barkley Bldg. and was a salesman of mutual funds and stocks for a national brokerage firm. He was a member of the Shrine and First Presbyterian Church. Survivors: wife, Eunice; daughter, Susan; mother, Mrs. Clara Matulka of Lincoln; father, Gordon Coffey of Lincoln; son, John E. Jr. of Wichita, Kan.; brother, Lowell, of McComb, Ill.; 6 grandchildren and 3 great-grandchildren. Robins.

JAMESON—Funeral of Mrs. Emma Jameson, 90, of Rt. 1, Lincoln, who died since 1954, he was an official of the Lincoln Stock Bank until its liquidation in 1952. After that, he continued the investment business and had an independent office located in the Barkley Bldg. and was a salesman of mutual funds and stocks for a national brokerage firm. He was a member of the Shrine and First Presbyterian Church. Survivors: wife, Eunice; daughter, Susan; mother, Mrs. Clara Matulka of Lincoln; father, Gordon Coffey of Lincoln; son, John E. Jr. of Wichita, Kan.; brother, Lowell, of McComb, Ill.; 6 grandchildren and 3 great-grandchildren. Robins.

MORTON—Funeral of Mrs. Clara

Rooms with Board

61

Apt., furnished. Room, Christian home, meals arranged. Excellent cooking. Desire employed lady or girl. GA 2-3453.

Rooms, Sleeping

62

No 16th. Nicely furnished, warm, room. Near bath. \$30 month. HE 2-3006.

No 26-Clean, warm, new bath, good privileges. 2nd fl. 17th fl. \$30 month. HE 2-3006.

916 So 14-Clean, south room, near bus. Gentleman preferred. HE 2-6723.

1227 J-Clean, well furnished, carpeted, private entrance, employed gentleman. HE 2-3526.

329 Room for students, shower. HE 2-4233.

1370 M-Clean, well furnished, neat room. Gentleman preferred. HE 2-3526.

1441 No 33-Nice clean, large room. Gentleman. Linens furnished. HE 2-3526.

1604 F-Clean, warm room, close to bus and phone. HE 2-3526.

2227 So 10th-Well furnished, neat bath. Near bus, shopping. HE 2-3526.

1715 M-Close in, large comfortable room, private entrance. HE 2-3526.

1776 L-Clean, warm, shower. Gentleman. Close in. HE 2-5179.

Poll Reveals Most State Senators Would Support Broader Tax Base

A majority of state senators who will serve in the 1961 Legislature "now seem to favor a broadened tax base," according to a poll conducted by the University of Nebras-

ka School of Journalism depth reporting class.

The poll indicated that 25 of the 43 senators would vote for the "right" bill broadening the tax base.

Findings of the senators were compiled and written by Carroll Kraus, Columbus, senior in the Nebraska School of Journalism.

Fourteen of the senators indicated they would not vote for either a sales, income or combination tax during the next session. Four were undecided or said they wanted to study the problem further before commenting.

Thirty-seven senators answered the poll either by letter or telephone. Other poll results and earlier voting records of the 6 non-answering legislators were used to complete the poll.

Kraus said the senators indicated differences of opinion

as to precisely what type of broadening is needed and for what the collections should be allocated could prevent any legislation from being enacted in 1961.

"While most of those in favor of a broadened base believe the combination of a sales and income tax would produce the best results, others indicated a preference for one tax only and little backing for the other," Kraus said.

Specific Uses

Some senators said revenue from a sales tax should be earmarked for specific purposes, such as public schools.

Others, however, said the only acceptable bill would provide that collections go into the general fund.

The main reason given by senators supporting the broadened tax base is that

under Nebraska's dependency on the property tax the home and farm owner carry an unfair portion of the tax load for operating state government, according to the poll.

The proponents also said there is inequality within the property system itself among various classes of real estate.

Some took the view that a new tax base is needed to provide adequate financing for public schools. Still others said the property tax will not be able to raise enough revenue for expanded government costs in the future — without a hefty increase in property rates.

Supporters of a broadened base and of the property base agreed that more work is needed on the present property tax structure if the law stays in effect.

The governor-elect has said that if the "right kind" of

said they opposed the broadened base, several thought that a new tax base would only mean higher taxes and further inequalities.

Little Concern

Some of the senators indicated little concern over tax problems and pointed to Nebraska's position nationally in its per capita tax rates.

The university poll also took note of Governor-elect Frank Morrison's views on taxation.

Morrison has advocated a general government financing program of operating government at top efficiency after making a full inventory of needs "before talking about new taxes."

Morrison has also proposed that school districts exhaust all possibilities for reasonable consolidation.

The governor-elect has said that if the "right kind" of
